

# HAMLIN HERALD

"SERVING THE HEART OF THIS FOUR-COUNTY AREA"

HAMLIN, JONES COUNTY, TEXAS, FRIDAY AUGUST 15, 1947

EIGHT PAGES

## Area Farmers Expect to Share In Biggest Cotton Crop Since 1940

Although this area needs rain and needs it badly, Hamlin area farmers are still confident they share profitably in what is expected to be the state's biggest cotton crop in several years. Hot, dry winds of the past several days are taking care of Mr. Bowl Weevil, but at the same time they are also doing some damage to the fields which are very dry at this time.

Texas may raise 3,200,000 bales of cotton this year, the biggest crop since 1940, and almost double last year's crop.

Hamlin area people will no doubt welcome such a crop as last year's was very short.

That was the forecast Saturday by the United States Bureau of Agricultural Economics, based on a state-wide survey of August 1. Last year's crop totaled only 1,669,000 bales and the 1936-1945 average is 3,021,000 bales.

The United States outlook is for 11,844,000 bales this year, compared with 8,640,000 in 1946 and a ten-year average of 12,390,000 bales.

The Texas crop is expected to average 188 pounds of lint per acre from 8,150,000 acres. Despite the increased planting this year, acreage devoted to cotton is less than half the 1924-1930 level.

A very large proportion of the increase in acreage over last year came in the Northwest High Plains counties, where seedlings have been held down during the last two years by extended spring droughts.

In most other areas of the state, above-normal temperatures and below-normal rainfall during June and July induced rapid development of the plants and resulted in a reduced infestation of insects to a minimum.

## VFW Sponsoring Donkey Ball Game Wednesday Night

Hamlin VFW is sponsoring a Donkey Baseball game here at the City Park next Wednesday night, August 20, with proceeds going to the softball league.

A team known as Redbirds, headed by Ralph Hellums will play the Tigers, managed by Gus Travis. Most of the men to play are said to be a little above the age group that has been playing softball all summer, so fans should really enjoy the music.

Local softball fans seem to be unanimous in their opinion that the "Rocky Mountain Canaries" (the other name for the four legged varmints) will come out victorious regardless of how hard the two teams play.

## Moore Fills Place Recently Vacated In Vocational School

Jones County Vocational Training School for Veterans announced this week that William M. Moore of Baton Rouge, Louisiana has been employed as instructor in vocational agriculture for the Hamlin unit of the county-wide school. He succeeds W. G. Pritchett who recently resigned to become head of the Vocational Agricultural Department of Stamford High School.

Moore will conduct two night classes here on Monday and Thursday of each week and a half-day field demonstration each Friday. Classes are to meet in the Vocational Agriculture Building of Hamlin High School.

The Moores and their seven-month old daughter are living with her parents, Mr. and Mrs. Raymond Spraberry, three miles east of Anson.

A graduate of Oklahoma A. & M. College, he lacks only a month's work of receiving his masters degree. He served in the Army from 1942 to 1945, being stationed successively at Camp Barkley, where he was post entomologist, and assistant medical inspector, at Camp Crowder, Joplin, Missouri, at the Lawson General Hospital at Atlanta, Georgia, and in Panama where he attended an Army school of malariaology for six weeks.

### Breaks Leg.

Jimmie Branscum, 12-year-old daughter of Mr. and Mrs. James Branscum, suffered a broken leg last Friday afternoon and was taken to a Rotan hospital, where the leg was placed in a cast. She was allowed to return home and is getting along nicely. The bone was cracked and chipped, X-rays showed.

## Rotary Governor

J. F. (Jim) McCULLOCH

## District Governor Jim McCulloch Speaks to Club

District Governor J. F. (Jim) McCulloch of Stamford, governor of the 127th District of Rotary International, made his official visit to Hamlin Rotary Club Wednesday of this week.

Governor McCulloch, who is well-known here spoke on the principles of Rotary and stressed attendance, fellowship and friendliness among peoples of all nationalities as being paramount needs of the day. He impressed his audience as being a man who lives Rotary and feels deeply its obligations.

The speaker told some of the highlights of the recent governor's conference held at Sun Valley, Idaho and told of a number of people he had met and become acquainted with from countries throughout the globe. He urged the Rotarians to take an interest in their community and particularly in the coming generation that will soon be guiding the destinies of Hamlin and of the entire world.

## Convention Reports And Amendment Talk Given to Lions

College Building Amendment to be voted upon in a special election Saturday, August 23, is the most important educational measure that has been before the people in many years, Joe L. Culbertson said in addressing Hamlin Lions Club Tuesday.

"It's approved by the voters will be that our 16 state supported colleges and universities will have adequate buildings for the first time in many years and moreover this program can be accomplished with no increase in presently authorized ad valorem taxes," the speaker asserted.

"By means of the Amendment of which the Legislature has submitted to the people for approval, they will be enabled to begin immediately a 30-year, \$60,000 program that will provide adequately for the postwar influx of veterans and more and more Texas High School boys and girls who are attending college."

The speaker said that the mechanics of the Amendment, which becomes immediately effective when the people approve it, are fairly simple.

It takes the unused five cent portion of the presently authorized seven cent state property tax for Confederate pensions support and assigns the revenue to a special building fund for 14 colleges other than the University of Texas and Texas A. & M. College.

At the same time the amendment reduces from 35 cents to 30 cents the maximum permissible state property tax for general fund support. Preceding Culbertson's remarks a mock report of the Lions convention in San Francisco was given by Henry Albritton which was greatly enjoyed.

After Culbertson's talk, Jimmy Irwin described the parade at the convention and President I. R. Huchingson gave his view point of convention proceedings. Next week Haskell Carter and Gordon Bennett are expected to report.

## That's The Limit!

The fish are biting at Hamlin Lake, west of the city!

At least they were last week, reports J. C. Cobble, the caretaker. A Houston man, W. C. Crowley, caught the daily limit of 15 legal-sized bass, a feat that proves the bass are still there.

Crowley and another Houstonian, W. J. Word, caught 80 pounds of fish in three days.

Cobble reports he is getting some good catches himself, but not that good.

## Budget Hearing For Jones County Slated for Today

A public hearing of the proposed Jones County budget for the year of 1948, will be held in the Commissioner's Court room at the courthouse in Anson, Friday from 10:00 a. m. to 5:00 p. m., according to an announcement by County Clerk H. O. Rowland Jr.

The county budget has been prepared by the County Judge and the County Auditor and is filed with the County Clerk.

Each and every taxpayer of the county is privileged to be present and participate in the hearing, according to the official notice which was passed by the court on July 31.

## Rev. T. S. Miles Named Pastor for Assembly of God

Rev. T. S. Miles has been named as pastor of the Assembly of God Church here and will assume his duties next week.

Rev. Miles has been pastor of a church in Carlsbad, New Mexico for the past five years.

Rev. Paul Joyner resigned recently to accept the pastorate at Stamford. He is conducting a revival at Plastero this week. Services will be concluded Sunday night. Fair attendance has been reported at each service. The public is invited to attend these closing services.

### Here From Dallas.

Mr. and Mrs. J. L. Lang of Dallas are here spending part of their vacation with Mr. and Mrs. J. E. Cory and Mr. and Mrs. George Howard. They spent several days in the mountains of Ruidoso before coming here. The Langs are former Hamlin residents. He is now vice-president and general counselor of the Continental Fire and Casualty Insurance Company in Dallas.

## "Cold Fish Black Bread and Plums for Breakfast"

## Royal Family, Germany's Misery, Dane's Prosperity, Highlight Trio's Trip to Baptist World Congress

(Editor's Note—This is the second in a series of articles written exclusively for The Herald by Mrs. John Osteen, describing activities of the Hamlin trio touring Europe and attending the Baptist World Congress in Copenhagen, Denmark.)

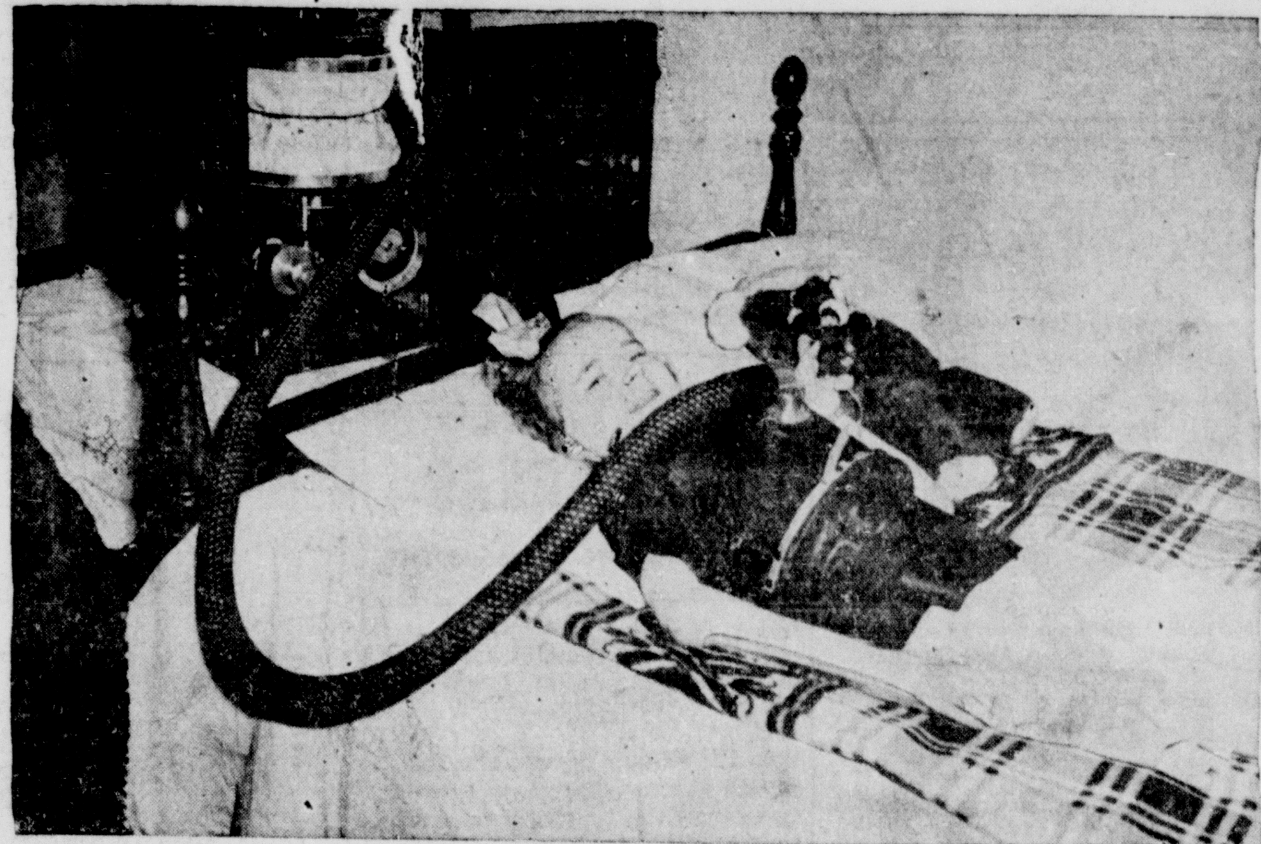

Copenhagen, Denmark August 4, 1947

I want to write a few words concerning our stay in London, the cross-country travel to Denmark and the Congress here in Copenhagen.

Our entrance into the harbor of Southampton is indescribable. The last few days at sea were a bit rough and we saw very little sunshine, but as we approached the shores of England it seemed that we were transported into a fairyland. Our first welcome was from a flock of seagulls skimming which hovered over the ship for several hours. Off in the distance we saw as in a dream the misty isles and as we drew nearer we could distinguish the walls of ancient castles tucked away in the lush green forest. As if it had been rehearsed, the sun popped out from behind the clouds, the big engines of the ship were cut off and we floated into an enchanted land. The sun and clouds, or perhaps it was the increasing shallowness, caused the sea to take on changeable shades of gray,

## Oilers Leading as Softball Schedule Closes Friday

Hamlin Fire Department to Sponsor Purchase of Iron Lung Here

PICTURED ABOVE is a patient encased in the Mullikin Iron Lung, one of the type which

the Hamlin Fire Department proposes to purchase through volunteer contributions from ci-

tizens of the town and area. The lung will cost approximately \$1,200, and for use by all.

## Fire Department Sponsors Purchase of Iron Lung

Hamlin and surrounding community plans to go "all out" on Friday and Saturday of next week in support of the Fire Department's drive to purchase a portable iron lung.

Fire Chief Carl Young and his corps of energetic volunteer firemen in their determination to put over the Hamlin, Fisher, Jones Counties Community Iron Lung Fund drive, have arranged for the Mullikin Southwest Company of Dallas, to present a display of the Mullikin Portable Iron Lung here in Hamlin. This exhibit may be viewed in the show windows of the City Electric and Plumbing Company from Friday noon, August 22 to Saturday night, August 23, with facilities arranged for receipt of contributions at the display. Contributions will be taken at the exhibit and can be mailed to the Fire Department or The Herald.

The portable iron lung, though of

comparatively new on the civilian market, proved its effectiveness during World War II when it was used extensively by the Army Air Forces to transport stricken men back to the States from various battle fronts.

According to local firemen, this portable iron lung is especially suited to fill the requirements of Hamlin and surrounding communities. Not only does it operate with the same efficiency as the "boiler type" lung found in most metropolitan hospitals, but the Mullikin lung comes compactly packed in two leather cases weighing but 87 pounds, and thereby can be carried to the scene of the emergency, providing "on the spot" care of patients suffering with respiratory ailments such as polio, suffocation, post-operative neuromonia, carbon monoxide poisoning, drownings etc. It has also proved effective when used on new-born babies. (See IRON LUNG Page 8.)

## Baptist Standard Representative of Field to Preach

Rev. Morris Roberts, of Dallas, the field representative of the Baptist Standard, will preach at the morning and evening services of the First Baptist Church Sunday, it has been announced, by J. B. Smith, educational director.

Rev. Roberts is a forceful speaker and has had a full ministry. He has been pastor, editor, secretary of the missions, evangelist and missionary. Before joining the staff of The Standard, the state's Baptist newspaper, Mr. Roberts was district missionary of District One, embracing northeast Texas, and prior to that was the pastor of the First Baptist Church of Jacksonville for eight years.

Rev. Bill Cravens who has been acting pastor during the absence of the pastor, Rev. John Osteen, has preached his last sermons Sunday and has entered California Baptist Theological Seminary to further his studies. Rev. Dub Jackson of Hardin-Simmons University will preach here during the latter part of August. The pastor, now attending the Baptist World Congress in Copenhagen, Denmark, is expected to return to his pulpit early in September.

## Church of Christ Area Encampment Planned at Leuders

Third annual encampment for the Churches of Christ from this area, for persons "nine to 90", will be held at Leuders Baptist Encampment grounds from August 18 to 22, according to an announcement by J. C. Scott, minister of the Hamlin Church of Christ. A number are planning to attend from the local church.

About 150 to 200 delegates and visitors are expected to take part in the program which will include Bible class study during the morning, recreation in the afternoon including swimming, and a nightly series of sermons by church leaders. Mr. Scott and Fred Custis of Waco, former Anson pastor, are in charge of encampment activities and programs.

A charge of \$2 per day or \$3 for the four-day event will include the meals, it is said.

## Playoffs Slated Between Top Four To Open Tuesday

### Sylvester-VFW In Final Tilt

Top four teams of the Hamlin Softball League will open their "little Shaughnessy" playoff series next week, with the first games set for next Tuesday night at City Park.

Final game of the League schedule will be unveiled Friday night between VFW and Sylvester and will have no bearing on League standings. General Crude Oilers are perched high on top with Wise Chapel in second place, VFW in third and Sylvester fourth. Hamlin Independents Celotex and Plainview dropped out of the seven team loop before the final weeks of the season, leaving only the top four to play for the championship.

Final league standings with the exception of the lone game tonight follows:

Team	W	L	Pct.
General Crude	24	3	.888
Wise Chapel	19	8	.703
VFW	15	13	.535
Sylvester	12	13	.480

During the past week General Crude defeated VFW and Sylvester and Wise Chapel defeated VFW in league games.

Saturday nights feature game will pit the Hamlin All-Stars of Hollis Madden vs. the Hamlin All-Stars coached by Benny Ford. Madden's group recently walloped Cisco 13-1 and Ford's team was edged by San Angelo 5-2.

The league playoff schedule is set up on the basis of the best three out of five games played and the winner of the series will be declared champion. Preliminaries are expected to be completed before next Sunday week with the championship game slated for August 31.

Schedule as now outlined follows:

August 19—General Crude vs. Sylvester and Wise Chapel vs. VFW.  
August 21—Wise Chapel vs. VFW and General Crude vs. Sylvester.  
August 22—General Crude vs. Sylvester and VFW vs. Wise Chapel.  
August 23—VFW vs. Wise Chapel and General Crude vs. Sylvester.  
August 24—General Crude vs. Sylvester and VFW vs. Wise Chapel.

Games for consolation and winner brackets will be played on August 25, 26, 27, 28, 29, 30 and 31.

## Sixteen Hamlin Scouts Attend Cisco Encampment

Hamlin was represented by 16 Scouts, including two sponsors, at the encampment held at Cisco Monday, Tuesday and Wednesday of this week.

Scouts making the trip are Joe Allen Dean, Robert Bonner, Fred Winslett, Don Gregory, Tracy Hargrove, Layce Hargrove, Don Elmore, Sherron Shaffer, Keron Rodgers, Frank Albert Tucker, James Maberry, Bobby Bagwell, Charles Don Nelson and John Adams.

John Edwards and Doyle McKinnon accompanied the boys as the sponsors.

## Elder Montgomery To Preach Sunday At Calvary Church

Elder W. E. Nunn, pastor of Calvary Baptist Church, and Mrs. Nunn are conducting a revival at Roaring Springs and will be away from the local church again Sunday.

Elder R. H. Montgomery of Sweetwater will be in charge of the services both morning and evening next Sunday, it has been announced.

Elder Owen Dry of Mineral Wells preached here last Sunday in the pastor's absence.

The public is extended a cordial invitation to attend any or all services at the Calvary Baptist Church.

Mr. and Mrs. C. R. Ritchey and Kathryn are on a vacation trip to Carlsbad and other points in New Mexico.

# Bus Lines Asking 10 Per Cent Hike In Texas Rates

Two bus lines serving Hamlin are among those seeking increase in the fares in Texas, all of whom are citing increased operating costs as the reason.

Bus fares in Texas will be advanced 10 per cent if the Texas Railroad

Commission grants request which are laid before the commissioners very soon. The applications were subject of an all-day hearing last Thursday before Commission Examiner A. J. Scrivner.

There appeared to be no question recorded to the general advance, but efforts of Texas Motor Coaches to raise commuter fares between Dallas-Fort Worth and intermediate points brought a petition from Grand Prairie and Arlington bearing 700 signatures.

Lines participating in the application for a general 10 per cent advance included Abilene Northern Coaches and West Texas Transportation Company, both serving this city. Practically every bus line in Texas was represented.

Mr. and Mrs. V. M. Jean of Dumas are here visiting his parents, Mr. and Mrs. T. A. Jean.

Charles Binnicker has been ill with an ear infection for several days this week and had to take penicillin treatments.

## TRUE STORIES OF WEST TEXAS

(Copyrighted by N. H. Kincaid, 1947)

### "Child of the Concho Frontier"

As the sentry's cry of "All's well!" echoed through the stone barracks and across the courtyard to a little rock house just within the confines of Fort Concho, little eight year-old Mary relaxed for sleep. It was wonderful to feel secure. She couldn't recall a sensation quite like it. But even as she hugged the feeling close to her, she wondered how long it would last.

Would it, for instance, still be hers in their little new house that her father was building just across the river?

Mary Tankersley was a child of the West Texas frontier and, being in a country infested by Indians, had been taught to be on the alert. For at Camp Colorado in 1861 after the Civil War had commenced and the federal government had removed its troops from the frontier posts, tragedy had come close to her while she was still in her crib. Their nearest neighbors the Jacksons, were attacked; the father, mother and older daughter killed and scalped and the two younger children taken captive. Her own father had joined the Rangers in tracking down the Indians and the retrieved children had lived with the Tankersleys until relatives could come for them.

And then their family had moved to the Concho country, becoming the first white people in that area, and were again soon in the midst of Indian trouble. The Kickapoos, once a friendly tribe, had gone on the warpath after an unfortunate attack on them by the Rangers in the winter of 1865. And so for four more years little Mary had lived in the shadow of this feeling of insecurity.

It was not until this summer when the family had come to live at the post while the father was away trailing cattle that this fear had begun to recede. But father was back now, and their own little

home across the Concho would soon be ready to move into.

Mary was glad that it was this close to the fort, but she wished that she could hear the sentry's "All's well!" during the night.

It was in the late fall of 1869 that Mary, daughter of R. F. Tankersley, pioneer Ranger, cattleman and trail driver, wished for closer neighbors and the security they would offer in frontier West Texas.

Three-quarters of a century later, as Mary Tankersley Lewis sat on the front porch of her home just across the street from the San Angelo Junior High School, she recalled this wish. But the exact location of that little house, and of its sheds and corrals, now well within the confines of that bustling metropolis of the Concho, was hard to identify.

### Rev. Sam King Conducts Revival At Littlefield

Rev. Sam King will conduct a revival meeting at the Church of the Nazarene in Littlefield beginning Sunday, August 17 until the following Sunday, August 31.

Rev. George Eppler is the pastor of that church.

Joyce Jean Ferguson of Quanah will be the pianist and Mrs. Roy Denry will be in charge of the song services.

Virgil Daniels of Houston has returned to his home in Houston after a visit here with his brother, Hollie Daniels and aunt, Mrs. W. L. Meeks, and other relatives.

Mr. and Mrs. Albert Chandler have been visiting friends in Blum and Mr. and Mrs. Milton Raley in Dayton, for the past week.

### Pointers Offered by Agents in Saving of Seeds of Vegetable

Many of the new and inexperienced gardeners in the county will doubtless be interested in some pointers on saving vegetable seed, believe the two county representatives of Texas Extension Service.

Seed saving, say the county and home demonstration agents, is commonly practiced among experienced gardeners only an such vegetables as okra, corn, beans, peas, squash, cucumbers, cushaw, tomatoes, pepper, lettuce, mustard, eggplant, cantaloupe, watermelons and sweet potatoes. Cabbage, beet and carrot seed will not mature in less than two years time. Seed saving on those vegetables does not go so well in Texas climate.

The veteran gardener, in saving seed, picks out particular plants that are true to variety, and which show productiveness and fruitfulness. He takes special care of the plants until time to harvest the seed.

Time of harvesting seed differs with the plant, the horticulturists explain. On English peas and beans the harvest sign is a browned pod; field peas and corn are left in the field until ready to harvest and store; cucumber, squash, cushaw, watermelon and cantaloupe seed can be taken when the plants are fully mature; on peppers and tomatoes the seed is ready when the fruit is dead ripe and brilliant red. Mustard, lettuce, radishes, collards and the like can be cut as soon as the seed pods are well matured, and hung in a cool dry spot.

Mary Margaret Stephens of Lubbock returned home Saturday after a visit with her grandparents, Mr. and Mrs. J. H. Foster.

Miss Genelle Dean spent from Saturday until Wednesday in Dallas with her brothers, Olvis and George Dean, and with Dr. and Mrs. Donald Watts.

You're sure of a tender, juicy roast when you buy

**SHOULDER of LAMB**  
cut "WASTE-FREE" at  
**SAFEWAY**

Safeway takes important steps to bring you perfect-eating meat. Most important, we start with top-quality meats—only the top grades. Then, to assure you of full value, we trim it "waste-free." Take lamb shoulder, for example. The neck and heavy shank bone are removed and sold at lower prices. This is done before your purchase is weighed. You get only the tender, meaty portion for your roast. Yes, pound for pound, you get more tender meat in lamb roast from Safeway.

**'Tween Me and my Typewriter**

by Jeanelle Bryant

Compliments are in order of the day for H. S. Scales for the grand job of cleaning up his lot on which the shell of a building stands on the south end of the business section. What a difference it makes in the appearance of that part of town!

May his work inspire some other citizens to take more pride in beautifying their hometown. These vacant lots still mar the whole appearance of many residential blocks. They are a fire hazard too. A carelessly tossed cigarette butt could start a fire that might soon spread to homes and be very disastrous. We might think of these things before such an event happens.

Representatives of the local Lions Club who attended the International Convention in San Francisco seem to be convinced that Hamlin is the best place on earth to live. In all of their travels, they say they did not see a small town that offered such ideal

living conditions as we enjoy here. Now, doesn't that make you hold your head high? What nicer report could these roaring Lions bring back to us?

Frances Ubben helped to give Hamlin some state-wide publicity by getting her picture in the Dallas Morning News Sunday along with five other young Cowgirls from Hardin-Simmons University, Abilene in the special section devoted to educational advantages in Texas. And her sister, Loleta, didn't even believe it when she was told her kid sister's picture being in the News.

Bettye Sellers also got her share of publicity in the latest issue of the Lass-O, college paper of NTSTC at Denton, in an article about golf describing her strokes as follows: "Bettye Sellers, a freshman clothing and costume design major from Hamlin, leans back when she swings resembling a baseball player". That is fine Bettye, we don't know if that was meant for flattery but the most important point is hitting the ball, or so we understand it. We'll wager she will be good at anything she tries.

Have you heard the story about the Scotch man who operated a store and upon returning from a long trip he was so eager to use only enough gasoline to make it in home (since he sold the stuff) that he ran out of the necessary liquid a few miles short of his destination about 1:00 o'clock a. m. and had to be pushed into town by an obliging passerby? Come to think of it, the guy lived in Hamlin and his name is Joe. Can't seem to remember the last name but as well as we remember it began with S.

Don't neglect telephoning or bringing your news items to The Herald. And bring or call it to us while it is still news not a week or so after it has happened. By that time, the entire town has heard it and probably there are half a dozen different versions and our true one wouldn't be the least interesting.

We like writing your news even though it makes us want to tear out our hair some times when after the paper is printed we find some mistakes any more than we do but if we took it too seriously we would never get a full night of sound sleep. Some times we spell your name wrong, and that is almost an unpardonable sin, or so it seems, but it is difficult for us to remember if you spell a simple name like Lawrence, for it could be spelled Laurence. One can never be sure unless you inquire. So, next time we make a mistake in a story in which you are particularly interested, just remember this is going to hurt their pride as much or more than ours. (Thank you for reading thus far.)

Wonder if Rev. J. T. Crawford or Rev. Dan Jones preached so conveniently Sunday at the First Methodist Church that any of that flock will change into Nazarenes. Dr. Will C. House must have full confidence in his members to allow two preachers from another denomination to conduct two services while he is away. Rev. John Osteen doesn't trust his group that strongly.

Everyone is happy that the lake from which we get our water supply has made a complete revolution and is again settling down to provide us with some decent odorless drinking water. Haskell sent word recently they did not care for any more ice from here because "it stinks".

Maybe we were trespassing, but our curiosity finally got the best of us, and we drove close enough to get a beautiful view of the Y-6 Ranch the other day. Honestly, that is one of the prettiest sights we have seen in West Texas, or East Texas either, for that matter. It looked so inviting and friendly that we were tempted to make a social call.

Talk about salesmanship! There's no doubt that Pauline King really has the talent and vocabulary to sell merchandise. We went to their establishment to assist her in laying out an ad and before we left we were ready to purchase one of those nifty freezers, which is the very latest creation in home quick freeze and storage units. We were sold on the idea alright, and all that delayed the transaction was the lack of necessary funds. Ordinarily we don't let advertising creep into these lines but we were so impressed with the sales ability of Pauline that we decided she deserved some recognition.

Mr. and Mrs. G. T. Sipe and their daughter, Mr. and Mrs. Bunyan Payne have returned from Temple, where Mrs. Sipe went for medical examination. Payne, who is in the Navy, received a delay in route to his Virginia base. In order that Mrs. Payne might go to Temple with her mother.

Mrs. J. E. Robinson of Carthage accompanied her daughter and son-in-law, Mr. and Mrs. W. H. Pickron Sr. to Hamlin for a visit last week, when they returned from a vacation trip to south and east Texas and to Louisiana.

## News Briefs From Fisher County

Rotan Chamber of Commerce were told of their work at the breakfast held last week. Main projects sponsored the past year were purchase of three prize calves, sponsorship of the annual Fisher County Jersey Show, providing a farm labor center for migratory workers and it was announced of a series of lectures would be held there this week. . . W. F. Taylor of Rotan suffered a severe electrical shock while working on his air conditioner. . . Roby will be sprayed with DDT within the next week through the efforts of the Jaycees. . . Fisher County 4-H boys are planning an encampment to be held soon at Lake Sweetwater. . . A number of Fisher County people attended Primitive Baptist Association at Snyder. . . Home Demonstration Club women of Fisher County are holding their annual encampment this Thursday and Friday at Lake Sweetwater. . . A singing was held at Sylvester Sunday. . . A Rotan banker, R. L. Springer assisted the Chamber of Commerce in saving \$2,300 in a paving deal for the main street by getting the highway department to agree to do the work. Money saved will be diverted to the proposed street paving program. . . Rotan Girl Scouts are sponsoring a Negro school library. . . Mrs. Thelma

Clyburn Boater is the new home economics instructor at Roby High School.

## A Great Oil Company introduces a Great NEW Oil!

Phillips Research brings you the finest motor oil for your car ever to bear Phillips 66 trade-mark!

When a great oil company brings out a completely new, different motor oil—that's news!

And when that oil company is willing to stake its reputation—to come right out and say, "This is the finest motor oil for your car ever to bear the Phillips 66 trade-mark!"

That's food for thought for every man who owns a car!

This new Phillips 66 Premium Motor Oil is the result of extensive research, conducted over a number of years by Phillips research scientists. It is of the modern detergent (self-cleaning), oxidation-resistant type. Lessons learned in developing heavy duty lubricants for Army tanks and trucks, the experiences of others who have developed detergent-type oils, and demands of engine manufacturers for their higher-speed, higher-pressure engines, have all been taken into consideration.

The base stocks from the Oklahoma fields, which oil men now recognize as among the finest in the world, are another contributing feature of this great new oil.

This new Phillips 66 Premium Motor Oil is now on sale at all Phillips 66 Dealers. We urge you to provide your car with our finer, newer automotive lubricant.

PHILLIPS PETROLEUM CO.  
Bartlesville, Oklahoma

## We Are Trying to Fill Hamlin's Needs for an Airport—

COME OUT ANY TIME AND LOOK AROUND

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

## YOU'LL SAVE MONEY AT TRUCK HEADQUARTERS

## Blessed Events

Mr. and Mrs. T. Fudge of 2221 East Pratt Street, Baltimore, Maryland, are the proud parents of a son, David Charles born July 22. He weighed seven pounds and nine ounces.

Mr. and Mrs. Raymond L. Nichols are the proud parents of a daughter, Delia Carol, born Thursday, August 7 at a Rotan hospital. She weighed

seven pounds and eight ounces. The grandparents are Mrs. L. R. Nichols of Fort Worth and Mr. and Mrs. J. R. Hunt, also of Fort Worth.

Mr. and Mrs. O. C. Saunders are the proud parents of a son, Calason Garfield, born Sunday, August 3 at a local clinic. He tipped the scales at eight pounds and eight ounces.

Mr. and Mrs. Kenneth L. Krall of Oklahoma announce the arrival of a son, Kenneth Louis, born Tuesday, August 12 in a local clinic. He weighed eight pounds. The mother is a sister of Mrs. Phelps of Hamlin.

### Here From Houston.

Mr. and Mrs. W. E. Crowley and family and Mr. and Mrs. J. W. Word, all of Houston spent several days last week here with their friends, Mr. and Mrs. Hollis Madden. They fished and caught 80 pounds of fish in three mornings.

## Personal Items

Larry Current, son of Mr. and Mrs. Bee Current, had his tonsils removed at a hospital in Rotan Saturday and is getting along nicely now at the home of his parents.

Mr. and Mrs. Boyce Briscoe and Mrs. R. J. Robertson and children spent Sunday at Comanche with their daughter, Mr. and Mrs. W. J. Barret.

Three acres constitute a farm, for census purposes, unless a tract of smaller size produces at least \$250 a year in crops.

Mr. and Mrs. Bill Rountree visited Mr. and Mrs. Weldon Carlton at Holdenville, Oklahoma last week. Their daughter, Mrs. Tommy Ellis of Abilene, accompanied them on the trip.

Mr. and Mrs. Weldon Carlton and son, Jerry of Holdenville, Oklahoma are here for a visit with her mother, Mrs. B. S. Ferguson.

### Angels Vacationing.

Mr. and Mrs. Clyde Angel and son, Robert, and her parents, Mr. and Mrs. G. W. Tate of Lubbock, are on a vacation trip to Alabama, Mississippi and Louisiana. The Tates are visiting in Biloxi, Mississippi while the Angels take a more extensive tour.

### Suffers Stroke.

John Kennedy suffered a stroke Saturday while employed at the Harris Electric building being constructed on Central Avenue. He is reported improved at the family home.

### Attends Reunion.

Mrs. Carl Brown attended a reunion of four generations of the J. C. Brown family at Sweetwater Municipal Park recently. Descendents of the couple present included three sons, two daughters and 71 grandchildren and great grandchildren.

### Breaks Arm.

Beverly Jo Rodgers, seven-year-old daughter of Mr. and Mrs. F. L. Rodgers, is in a Rotan hospital with a broken arm. The break is almost at the shoulder and she will have to remain in the hospital for several weeks.

### CITATION BY PUBLICATION

The State of Texas. To Bessie Bradley, et al, all the unknown heirs assigns and or legal Representatives of Bessie Bradley, Deceased and unknown owners of the property hereinafter described.—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10:00 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 25th day of August, A. D., 1947, at or before 10:00 o'clock a. m., before the honorable District Court of Jones County, at the courthouse in Anson, Texas.

Said plaintiff's petition was filed on the 7th day of April, 1947. The file number of said suit being No. 6871. The names of the parties in said suit are: Hamlin Independent School District as plaintiff, and Bessie Bradley, et al as defendant.

The nature of said suit being substantially as follows, to wit: To collect delinquent taxes justly due, owing and unpaid against the property described as follows, to wit: Being Lot No. 1, Block No. 43 of the Original Town of Hamlin, Jones County, Texas for the following years and in the amounts, 1919 to 1946 both inclusive together with penalties, interest and costs provided by law or legally accruing thereon in the total amount of \$27.25.

Issued this 14th day of July, 1947.  
Given under my hand and seal of said court, at office in Texas, this 14th day of July, A. D., 1947—Leon Thurman, Clerk, District Court, Jones County, Texas. —38-4c

## West Texas Fair Will Begin In Abilene September 15

Twenty-third annual West Texas Fair and Sheriff's Posse Rodeo will be held at the West Texas Fair Grounds, September 15-20, with rodeo performances each evening at 8:00 p. m. and afternoon performances at 2:00 p. m. on Monday, Wednesday and Saturday.

The 1947 Fair will be officially opened at 10:00 a. m., September 15, with a colorful parade, led by the Hardin-Simmons world famous Cowboy Band. One of the feature attractions of the parade will be the giant animal balloons, which were featured in New York. More than 30 beautiful floats have already been entered, and several college and high school bands will be on hand to add music and color in the event. Mounted rodeo performers, quarterhorses and flashing palominos will be in the parade.

Cutting horse contests, quarter-horse races and specialty acts will be on Tuesday, Thursday and Friday afternoons.

Bill Hames shows will be on the midway with the very latest rides and shows to entertain both young and old.

The exhibition buildings have also been remodeled and enlarged to take care of the hundreds of exhibits which will be on display during the six days. These will include manufacturers, retailers, community agricultural exhibits, automobiles, farm machinery, road machinery and others.

The livestock show this year includes registered Herefords, Jerseys, sheep and goats, quarterhorses, swine, poultry and rabbits.

## News Briefs From Stonewall County

Amelia Hecht, 93, native of Germany, and pioneer Stonewall County resident, died at her home near Aspermont. . . Junior boys of Aspermont have organized a softball team and defeated Peacock 5 to 4 their first game. . . More than 3,000 people attended a PCA meeting in Stamford and saw Fred Albright beat Sammy Baugh, both Stonewall County residents, by four-fifths of a second in the calf roping contest. . . Swenson Church of Christ will hold its annual summer revival meeting this week with Lloyd Connell of Stamford the evangelist. . . Stonewall County farmers have been advised of a government support price of \$201. per ton for peanuts. . . Drillers

continue in their work at the deep test near Peacock with no unusually different shows reported. . . Laborers have started work on the new highway from Rotan to Aspermont via Johnson Chapel.

Miss Geneva Hawkins of Ardmore, Oklahoma spent last week with her aunt, Mrs. D. J. Turner and her

son, George Brown and family. Mrs. Turner's daughter, Mrs. Williams, also spent the week-end here. Mrs. Turner, who is ill, is reported much improved.

Great and wealthy states like New York, with twice the population and 10 times the wealth, pay less to old age pensions than Texas.

## Contest Winner "Brands" His Prize

A pioneer of the auto industry, hunted throughout the nation in a contest to discover the oldest Chevrolet truck in America, turned up, appropriately, in the possession of a Montana homesteader. The venerable vehicle, vintage of 1918, was still serving Rancher Leslie A. Storey, of Jordan, Mont., whose ranch lies 18 miles from a typical "last frontier" town. The award for owning the oldest licensed and operating truck was a new Chevrolet "advance-design" model, which Storey "brands" here with his distinctive Circle-Heart brand. It was presented to him by J. W. Burke, manager of Chevrolet's truck department, as Mrs. Storey and Montana cowgirl Merle Spears (right) look on. Nearly 7,000 old-time Chevrolet trucks were entered in the contest won by this vehicle, which was one of 384 built by the division in 1918, its first year of truck production.

## Southwest Farm Markets Show Gains For Some Products, Others Hold Fast

Many farm products gained ground on southwest markets last week, and others held their own fairly well reported the Production and Marketing Administration of the United States Department of Agriculture to The Herald.

New crop corn started moving from South Texas farms last week, and white corn prices declined several cents per bushel. Yellow corn advanced, however; as dry weather in the corn belt threatened damage to the crop. Oats, barley, and the grain sorghums strengthened some, too. Decreased marketings of winter wheat sold firm and Midwest and Great Plains growers had about completed the record harvest.

Newly ginned cotton from South Texas found good demand, and most offerings graded strict middling or better. However, spot prices netted losses of \$1 or \$2.

With hotter weather, top quality eggs became even more scarce, and markets held firm. Prices stayed up fairly well on liberal offerings of medium to lower grades eggs. Demand for poultry slowed some, but prices remained generally firm on moderate receipts. Heavy hens also brought mostly 22 to 26 cents, and fryers 32 to 37.

Hog markets generally overcome early-week losses to close mostly 25 to 50 cents higher. Closing bulk of good and choice medium weight in butchers sold at \$27 at San Antonio \$27.50 at Fort Worth, \$27.75 at Oklahoma City; and \$26.50 to \$27.25 at Wichita. Week's top at Denver was \$30, within 25 cents of all time high.

Sheep prices remained largely steady for the week, and most spring lambs went a little higher. Medium to good spring lambs brought mostly \$18 to \$21 at San Antonio, and closed at \$19 to \$22 at Fort Worth. The closing bulk of good and choice of grades sold at \$22 to \$22.50 at Oklahoma City, around \$24 at Denver.

Many cattle classes brought lower prices last week. Most stocker and feeder types, as well as slaughter cows, calves, vealers, bulls dropped from 50 cents to \$1.50. Steers and yearlings weakened at some markets. Common and medium cows brought \$11.50 to \$14.50 at Houston and Fort Worth, and \$12 to \$15 at San Antonio and Wichita. Medium and good kinds moved at \$13 to \$15.50 at Oklahoma City while common to good kinds sold at \$15 to \$19 at Denver.

Mrs. Faye Dean and daughter, Lu Sara, Mrs. George Nicholson and Mutt Nicholson are visiting their brother and son, Mr. and Mrs. James Nicholson in Dallas and relatives in Fort Worth this week.

Mr. and Mrs. Bill Adams have been visiting her parents, Mr. and Mrs. A. B. Corlton, between terms at the University of Chicago, which he is attending.

They were joined at the lake by Mr. and Mrs. Garland Colthorp and Billy and Lanell who had spent the weekend in Seymour.

Ronnie Reid of Stamford is visiting his cousin, Mac Reid.

Mr. and Mrs. Delbert Kite of Abilene visited Mr. and Mrs. L. B. Baker and Mr. and R. L. Kite here during the weekend.

Mr. and Mrs. A. B. Maynard and Shirley of Abilene visited their son, Mr. and Mrs. Roy Lee Maynard and daughter.

Mrs. George Lenard and children of Jal, New Mexico and Mr. and Mrs. Claud Scott of Odessa and Mr. and Mrs. Buck Scott and son of Rotan were visitors over the weekend in the Gene Scott home.

## Rep. George Mahon On Committee Slated To Tour Europe

Congressman George Mahon of Colorado City, who represents the 11th District which includes Jones, Stonewall and Haskell Counties, will be a member of the congressional committee which will sail August for Europe to study questions involved in the United States foreign policy.

The committee of 19 congressmen, 11 Republicans and eight Democrats, will hold its first meeting in London, after which a check of the situation in Germany will be made.

Following the trip to Germany the group will be divided into sub-committees and Mahon has been asked to go with the group which will study the situation in Italy, Trieste and Greece.

The committee, Mahon, said, will concern itself with what is happening to American dollars and efforts in such areas. Its report and recommendations are to be given to Congress by March but earlier reports will undoubtedly be made. Members will return to the United States early in October.

## Synthetic Fibers Becoming Major Threat to Cotton

With the country facing possibility of the smallest supply of cotton in a quarter of a century, H. C. Stanley Jr., county agent, says area farmers should take special note that production of synthetic fibers, as opposed to the natural fibers, is showing a big increase.

Production, for example, of synthetic fibers as opposed to cotton, wool, mohair, silk and flax, is reaching a stage where producers of wool and cotton will need to take steps to halt such encroachment.

Up until around 1935, according to the U. S. Department of Agricultural southern regional research laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of cellulose. After a couple of false starts rayon production got underway in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production is still climbs—482,000,000 pounds in 1940 to 875,000,000 in 1946.

Some of the man-made fibers that are coming up fast in the synthetic field are:

Glass fiber, commercial production began in 1936, but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic resin, first made in 1938. Production is still small.

Nylon, commercial production on which began in 1939 after a short period of experimental operations.

Aralac and saran, casein fibers, were introduced commercially about 1940.

And a synthetic fiber made of soybeans is coming up.

Travis and David Lenard of Jal, New Mexico visited their cousin, Melvin Scott, last weekend.

## Revival Meeting At Mt. Zion Church

Summer revival meeting at Mt. Zion Church of the Nazarene opened Wednesday night and will continue through August 24, according to Albert S. Bancroft. Rev. S. O. Pace

Dr. and Mrs. J. W. McCrary and Sue and Patricia Lee Bennett visited relatives in Fort Worth during the week-end. Sue remained to spend several days.

**POT-SHOTS FROM McCAULEY**

By GEORGE DARDEN

Mrs. Beech Jones is visiting in the home of a daughter in Oklahoma for a few days.

Mrs. Lottie Rector, postmaster at McCauley for the past 26 years hands us her check for \$5 for the Cemetery Fund.

With the 8th Army in Osaka, Japan; Pfc. Ray Russell of Route 1, McCauley and the son of Mr. and Mrs. Joe Russell, has recently left for discharge and a return home. Pfc. Russell entered the Army on 19th day of March 1946 and received his basic training at Camp Polk, Louis-

iana. He departed for overseas duty on the 4th day of December 1946 and up on his arrival in Japan was assigned to the 25th Division.

Mr. and Mrs. M. T. Mason and family of Comanche, visited last week with his mother and sister in McCauley.

L. H. Boyd returned last week from a few days visit in Cooper, in the home of Mr. and Mrs. G. E. Williams.

Sterral Allen Griffith left last week for the Veterans Hospital at McKinney, where he will undergo treatment.

Mrs. John Maberry long-time resident of this community, is ill at her home south of town.

Mr. and Mrs. Ben Maberry and who have recently returned from South Dakota, like that country fine. They tell us wheat is fine and the land is worth the money in the state. Both L. R. and Ben plan to sell their farms in this country and buy in South Dakota. Several families from this part of the country have already acquired land in that state and are highly pleased. In fact they are making money. Even the ole' scribe has about got the fever-after talking

with the Maberry boys.

The Baptist meeting in full swing in McCauley, W. Y. Pond from Waco is doing the preaching and doing a good job even though he is skinnin' a lot of us natives alive. After all, if the shoe fits—wear it.

Mr. and Mrs. Frank Jackson visited last week in Big Spring with relatives.

If sold between now and the 1 of September a fine gin plant in McCauley, in tip-top shape and ready to go. No competition. No bargain like it in the United States, if you have the cash we can trade in 10 minutes, otherwise, don't ask price. And too, my five room house for sale, will move under the shade of a tree if you have the cash on your hip. This is no bull.

Hot, dry weather have the folks looking down their nose again, but it happens most every year in West Texas. Cotton holing' up well but the feed crop is sho' gonna be short in these parts.

S. E. Miers, old timer of this community, was 81 years of age August 5 and Sunday August 10 the following children and families surprised him with a visit and a big feed at the Miers home east of town; Mr. and Mrs. W. L. Curry of Cisco, Mr. and Mrs. N. W. Miers and children, Lamesa, Mr. and Mrs. Tate Eisenwine and daughters of Pecos, Mr. and Mrs. N. D. Miers and children of Hobbs, Mr. and Mrs. L. B. Miers and children, Mr. and Mrs. Joe Miers and daughter, Mr. and Mrs. R. L. Miers and Mr. and Mrs. George Darden and family of McCauley.

Earle Rector of Dallas visited last week in the home of brothers at McCauley and Royston.

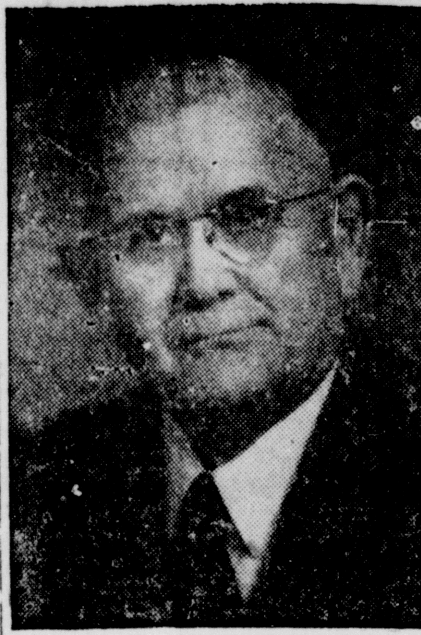

Maurine Miers Wall, daughter of S. E. Miers of McCauley, became the bride of Tatum Eisenwine, son of Mr. and Mrs. J. E. Eisenwine of 601 South Alamo, Pecos on July 16, in Lovington, New Mexico. Mr. and Mrs. Eisenwine will make their home on their ranch 16 miles south west of Pecos.

Miss Mary Callaway was home for a few days last week. She has been teaching in Ballinger for the past two years but has accepted a place in the Wing Schools for this year.

Mr. and Mrs. J. W. (Jim) Fancher left last week for the Plains where Jimmy is prospecting for a Plains farm for another year.

All this investigation now going on in Washington makes pretty fair reading so far as amusement is concerned. But after all its a lot of balony. Senator Brewster isn't going to serve any time in the cane patch over the deal—neither is millionaire Howard Hughes and personally, the whole thing looks like another expense account for the tax payers and about all the folks it will help is the newspaper men who are selling a lot of extra papers due to the investigation. Elliott Roosevelt wasn't born last night and the senators won't make a thing off of him—and we gotta' notion that there was plenty of graft going on during the war and if the big boys investigate too much they all may end up in the "jug". That's where a lot of 'em should be. When you sum it all up, you gotta admit that there is too much politics and not enough praying going on in Washington. Some of these days the good Lord is going to step in on the deal and so far as the "high and mighty" boys are concerned the "jig"—is up. Until mens word is their bond and honesty prevails up on the earth—we are going to see a lot of investigations that will amount to postively nothing.—A-Darden-O-Gram.

May give the readers of this column a rest next week. Gotta' notion that the scribe and family will

**To Preach Here**

Rev. Morris A. Roberts

stations there were ruined and rusted locomotives and rails. Often the little children would run to the tracks and hold out their hands for food, candy and gum. Men would saunter up in hopes of getting a cigarette, even left-overs from our lunch boxes.

Copenhagen is a beautiful city and its people are very hospitable and kind. We had the privilege of staying in a Danish home with Mrs. Alfreda Lorenson, so we are learning the Danes first-hand. Our initiation was on the first day when our hostess set us on bicycles and led us off to the public bath house. It is forbidden by law to take a hot bath in a private home—just in bath houses and hotels. That is there are no water heaters in the homes and it is very inconvenient. Copenhagen has over a 1,000,000 people or one-fourth of the total population of Denmark and there are 700,000 bicycles in this city and very few cars.

The Congress was very inspiring. The services were in English and in Danish so we understood everything that was said. We have a much wider view of the denominational work. We can see it now as a globe-circling organization—not just Jones County, or Texas, or American or white. We can see the work as a whole. We heard displaced persons from the camps in Germany begging not for food or clothes which they need badly, but begging for the prayers of all Christians that they might regain their land and homes so they might worship again in freedom. We heard speakers from prosecuted countries and have soul-stirring messages. There was a delegate who had traveled 15,000 miles to attend the Congress from New Zealand. There was beautiful music by the 200 voice Danish choir and a smaller Swedish choir, a fine orchestra and a royal opera singer.

Sunday we went to services in a church 300 years old. In the afternoon there was a great parade and a mass meeting—16,000 were there. There are only 1,300 Baptists in Copenhagen in three churches, but it is hoped that they will be strengthened

by the way down in Louisiana for a visit with their daughter, Lt. and Mrs. W. H. Pickron Jr. in Shreveport, Louisiana. After all, haven't had a vacation since old "heck" was a pup. If it is hotter in the Hughie Long state than its been in McCauley then we may stay in the river 'til Xmas.

ened and will grow in numbers because of this Congress. I have much more to say but it will have to wait until we get home.

Tomorrow we fly to Amsterdam. More then.—Jean Osteen.

**Iron Lung - - -**

bies when respiratory difficulties are encountered. The lung comes equipped with a 110 volt motor and a six volt motor, the latter to be used when only current from a storage battery is available. The lung can also be operated with a hand-lever in cases of emergency.

L. J. Cunningham, chairman of arrangements, explains that the Mullikin Portable Iron Lung carries an unusual and rather unique guarantee. Not only is it guaranteed for two years of continuous operation, but in the event of an emergency or epidemic, manufacturers will ship up to five lungs to Hamlin free of charge. The firemen are agreed that this should provide a good safeguard in the event of a polio epidemic or something equally disastrous. The total cost of the equipment is approximately \$1,200.

Porter L. Marr, sales representative of the Mullikin Southwest Company, gave a public demonstration of the lung in Hamlin last month.

# HAMLIN HERALD

A LACKEY-JONES PUBLICATION

"SERVING THE HEART OF THIS FOUR-COUNTY AREA"

FORTY-SECOND YEAR—No. 41

HAMLIN, JONES COUNTY, TEXAS, FRIDAY AUGUST 15, 1947

EIGHT PAGES

## Area Farmers Expect to Share In Biggest Cotton Crop Since 1940

Although this area needs rain and needs it badly, Hamlin area farmers are still confident they share profitably in what is expected to be the state's biggest cotton crop in several years. Hot, dry winds of the past several days are taking care of Mr. Bowl Weevil, but at the same time they are also doing some damage to the fields which are very dry at this time.

Texas may raise 3,200,000 bales of cotton this year, the biggest crop since 1940, and almost double last year's crop.

Hamlin area people will no doubt welcome such a crop as last year's was very short.

That was the forecast Saturday by the United States Bureau of Agricultural Economics, based on a statewide survey of August 1. Last year's crop totaled only 1,669,000 bales and the 1936-1945 average is 3,021,000 bales.

The United States outlook is for 11,844,000 bales this year, compared with 8,640,000 in 1946 and a ten-year average of 12,390,000 bales.

The Texas crop is expected to average 188 pounds of lint per acre from 8,150,000 acres. Despite the increased planting this year, acreage devoted to cotton is less than half the 1924-1930 level.

A very large proportion of the increase in acreage over last year came in the Northwest High Plains counties, where seedlings have been held down during the last two years by extended spring droughts.

In most other areas of the state, above-normal temperatures and below-normal rainfall during June and July induced rapid development of the plants and resulted in a reduced infestation of insects to a minimum.

## VFW Sponsoring Donkey Ball Game Wednesday Night

Hamlin VFW is sponsoring a Donkey Baseball game here at the City Park next Wednesday night, August 20, with proceeds going to the softball league.

A team known as Redbirds, headed by Ralph Hellums will play the Tigers, managed by Gus Travis. Most of the men to play are said to be a little above the age group that has been playing softball all summer, so fans should really enjoy the music.

Local softball fans seem to be unanimous in their opinion that the "Rocky Mountain Canaries" (the other name for the four legged varmints) will come out victorious regardless of how hard the two teams play.

## Moore Fills Place Recently Vacated In Vocational School

Jones County Vocational Training School for Veterans announced this week that William M. Moore of Baton Rouge, Louisiana, been employed as instructor in vocational agriculture for the Hamlin unit of the county-wide school. He succeeds W. G. Pritchett who recently resigned to become head of the Vocational Agricultural Department of Stamford High School.

Moore will conduct two night classes here on Monday and Thursday each week and a half-day field demonstration each Friday. Classes are to meet in the Vocational Agriculture Building of Hamlin High School.

The Moores and their seven-month old daughter are living with her parents, Mr. and Mrs. Raymond Spraberry, three miles east of Anson.

A graduate of Oklahoma A. & M. College, he lacks only a month's work of receiving his masters degree. He served in the Army from 1942 to 1945, being stationed successively at Camp Barkley, where he was post entomologist, and assistant medical inspector, at Camp Crowder, Joplin, Missouri, at the Lawson General Hospital at Atlanta, Georgia, and in Panama where he attended an Army school of malariaology for six weeks.

### Breaks Leg.

Jimmie Branscum, 12-year-old daughter of Mr. and Mrs. James Branscum, suffered a broken leg last Friday afternoon and was taken to a Rotan hospital, where the leg was placed in a cast. She was allowed to return home and is getting along nicely. The bone was cracked and chipped, X-rays showed.

## Rotary Governor

J. F. (Jim) McCULLOCH

## District Governor Jim McCulloch Speaks to Club

District Governor J. F. (Jim) McCulloch of Stamford, governor of the 127th District of Rotary International, made his official visit to Hamlin Rotary Club Wednesday of this week.

Governor McCulloch, who is well-known here spoke on the principles of Rotary and stressed attendance, fellowship and friendliness among peoples of all nationalities as being paramount needs of the day. He impressed his audience as being a man who lives Rotary and feels deeply its obligations.

The speaker told some of the highlights of the recent governor's conference held at Sun Valley, Idaho and told of a number of people he had met and become acquainted with from countries throughout the globe.

He urged the Rotarians to take an interest in their community and particularly in the coming generation that will soon be guiding the destinies of Hamlin and of the entire world.

## Convention Reports And Amendment Talk Given to Lions

College Building Amendment to be voted upon in a special election Saturday, August 23, is the most important educational measure that has been before the people in many years, Joe L. Culbertson said in addressing Hamlin Lions Club Tuesday.

"It's approved by the voters will be that our 16 state supported colleges and universities will have adequate buildings for the first time in many years and moreover this program can be accomplished with no increase in presently authorized ad valorem taxes," the speaker asserted.

"By means of the Amendment of which the Legislature has submitted to the people for approval, they will be enabled to begin immediately a 30-year, \$60,000 program that will provide adequately for the postwar influx of veterans and more and more Texas High School boys and girls who are attending college."

The speaker said that the mechanics of the Amendment, which becomes immediately effective when the people approve it, are fairly simple. It takes the unused five cent pension of the presently authorized seven cent state property tax for Confederate pensions support and assigns the revenue to a special building fund for 14 colleges other than the University of Texas and Texas A. & M. College.

At the same time the amendment reduces from 35 cents to 30 cents the maximum permissible state property tax for general fund support.

Preceding Culbertson's remarks a mock report of the Lions convention in San Francisco was given by Henry Albritton which was greatly enjoyed.

After Culbertson's talk, Jimmy Irwin described the parade at the convention and President I. R. Huchingson gave his view point of convention proceedings. Next week Haskell Carter and Gordon Bennett are expected to report.

## That's The Limit!

The fish are biting at Hamlin Lake, west of the city!

At least they were last week, reports J. C. Cobble, the caretaker. A Houston man, W. C. Crowley, caught the daily limit of 15 legal-sized bass, a feat that proves the bass are still there.

Crowley and another Houstonian, W. J. Word, caught 80 pounds of fish in three days.

Cobble reports he is getting some good catches himself, but not that good.

## Budget Hearing For Jones County Slated for Today

A public hearing of the proposed Jones County budget for the year of 1948, will be held in the Commissioner's Court room at the courthouse in Anson, Friday from 10:00 a. m. to 5:00 p. m., according to an announcement by County Clerk H. O. Rowland Jr.

The county budget has been prepared by the County Judge and the County Auditor and is filed with the County Clerk.

Each and every taxpayer of the county is privileged to be present and participate in the hearing, according to the official notice which was passed by the court on July 31.

## Rev. T. S. Miles Named Pastor for Assembly of God

Rev. T. S. Miles has been named as pastor of the Assembly of God Church here and will assume his duties next week.

Rev. Miles has been pastor of a church in Carlsbad, New Mexico for the past five years.

Rev. Paul Joyner resigned recently to accept the pastorate at Stamford. He is conducting a revival at Plastero this week. Services will be concluded Sunday night. Fair attendance has been reported at each service. The public is invited to attend these closing services.

### Here From Dallas.

Mr. and Mrs. J. L. Lang of Dallas are here spending part of their vacation with Mr. and Mrs. J. E. Cory and Mr. and Mrs. George Howard. They spent several days in the mountains of Ruidoso before coming here. The Langs are former Hamlin residents. He is now vice-president and general counselor of the Continental Fire and Casualty Insurance Company in Dallas.

## "Cold Fish" Black Bread and Plums for Breakfast

## Royal Family, Germany's Misery, Dane's Prosperity, Highlight Trio's Trip to Baptist World Congress

(Editor's Note—This is the second in a series of articles written exclusively for The Herald by Mrs. John Osteen, describing activities of the Hamlin trio touring Europe and attending the Baptist World Congress in Copenhagen, Denmark.)

Copenhagen, Denmark  
August 4, 1947

I want to write a few words concerning our stay in London, the cross-country travel to Denmark and the Congress here in Copenhagen.

Our entrance into the harbor of Southampton is indescribable. The last few days at sea were a bit rough and we saw very little sunshine, but as we approached the shores of England it seemed that we were transported into a fairland. Our first welcome was from a flock of seagulls squawking which hovered over the ship for several hours. Off in the distance we saw as in a dream the misty isles and as we drew nearer we could distinguish the walls of ancient castles tucked away in the lush green forest. As if it had been rehearsed, the sun popped out from behind the clouds, the big engines of the ship were cut off and we floated into an enchanted land. The sun and clouds, or perhaps it was the increasing shallowness, caused the sea to take on changeable shades of gray,

## Oilers Leading as Softball Schedule Closes Friday

Hamlin Fire Department to Sponsor Purchase of Iron Lung Here

PICTURED ABOVE is a patient encased in the Mullikin Iron Lung, one of the type which

the Hamlin Fire Department proposes to purchase through volunteer contributions from ci-

tizens of the town and area. The lung will cost approximately \$1,200, and for use by all.

## Fire Department Sponsors Purchase of Iron Lung

Hamlin and surrounding community plans to go "all out" on Friday and Saturday of next week in support of the Fire Department's drive to purchase a portable iron lung.

Fire Chief Carl Young and his corps of energetic volunteer firemen in their determination to put over the Hamlin, Fisher, Jones Counties Community Iron Lung Fund drive, have arranged for the Mullikin Southwest Company of Dallas, to present a display of the Mullikin Portable Iron Lung here in Hamlin. This exhibit may be viewed in the show windows of the City Electric and Plumbing Company from Friday noon, August 22 to Saturday night, August 23, with facilities arranged for receipt of contributions at the display. Contributions will be taken at the exhibit and can be mailed to the Fire Department or The Herald.

The portable iron lung, though of

comparatively new on the civilian market, proved its effectiveness during World War II when it was used extensively by the Army Air Forces to transport stricken men back to the States from various battle fronts.

According to local firemen, this portable iron lung is especially suited to fill the requirements of Hamlin and surrounding communities. Not only does it operate with the same efficiency as the "boiler type" lung found in most metropolitan hospitals, but the Mullikin lung comes compactly packed in two leather cases weighing but 87 pounds, and thereby can be carried to the scene of the emergency, providing "on the spot" care of patients suffering with respiratory ailments such as polio, suffocation, post-operative pneumonia, carbon monoxide poisoning, drownings etc. It has also proved effective when used on new-born babies. (See IRON LUNG Page 8.)

## Baptist Standard Representative of Field to Preach

Rev. Morris Roberts, of Dallas, the field representative of the Baptist Standard, will preach at the morning and evening services of the First Baptist Church Sunday, it has been announced, by J. B. Smith, educational director.

Rev. Roberts is a forceful speaker and has had a full ministry. He has been pastor, editor, secretary of the missions, evangelist and missionary. Before joining the staff of The Standard, the state's Baptist newspaper, Mr. Roberts was district missionary of District One, embracing northeast Texas, and prior to that was the pastor of the First Baptist Church of Jacksonville for eight years.

Rev. Bill Cravens who has been acting pastor during the absence of the pastor, Rev. John Osteen, has preached his last sermons Sunday and has entered California Baptist Theological Seminary to further his studies. Rev. Dub Jackson of Hardin-Simmons University will preach here during the latter part of August. The pastor, now attending the Baptist World Congress in Copenhagen, Denmark, is expected to return to his pulpit early in September.

## Church of Christ Area Encampment Planned at Leuders

Third annual encampment for the Churches of Christ from this area, for persons "nine to 90", will be held at Leuders Baptist Encampment grounds from August 18 to 22, according to an announcement by J. C. Scott, minister of the Hamlin Church of Christ. A number are planning to attend from the local church.

About 150 to 200 delegates and visitors are expected to take part in the program which will include Bible class study during the morning, recreation in the afternoon including swimming, and a nightly series of sermons by church leaders. Mr. Scott and Fred Custis of Waco, former Anson pastor, are in charge of encampment activities and programs.

A charge of \$2 per day or \$3 for the four-day event will include the meals, it is said.

## Playoffs Slated Between Top Four To Open Tuesday

### Sylvester-VFW In Final Tilt

Top four teams of the Hamlin Softball League will open their "little Shaughnessy" playoff series next week, with the first games set for next Tuesday night at City Park.

Final game of the League schedule will be unrehearsed Friday night between VFW and Sylvester and will have no bearing on League standings. General Crude Oilers are perched high on top with Wise Chapel in second place, VFW in third and Sylvester fourth. Hamlin Independents Celotex and Plainview dropped out of the seven team loop before the final weeks of the season, leaving only the top four to play for the championship.

Final league standings with the exception of the lone game tonight follows:

Team	W	L	Pct.
General Crude	24	3	.888
Wise Chapel	19	8	.703
VFW	15	13	.535
Sylvester	12	13	.480

During the past week General Crude defeated VFW and Sylvester and Wise Chapel defeated VFW in league games.

Saturday nights feature game will pit the Hamlin All-Stars of Hollis Madden vs. the Hamlin All-Stars coached by Benny Ford. Madden's group recently walloped Cisco 13-1 and Ford's team was edged by San Angelo 5-2.

The league playoff schedule is set up on the basis of the best three out of five games played and the winner of the series will be declared champion. Preliminaries are expected to be completed before next Sunday week with the championship game slated for August 31.

Schedule as now outlined follows: August 19—General Crude vs. Sylvester and Wise Chapel vs. VFW.

August 21—Wise Chapel vs. VFW and General Crude vs. Sylvester.

August 22—General Crude vs. Sylvester and VFW vs. Wise Chapel.

August 23—VFW vs. Wise Chapel and General Crude vs. Sylvester.

August 24—General Crude vs. Sylvester and VFW vs. Wise Chapel.

Games for consolation and winner brackets will be played on August 25, 26, 27, 28, 29, 30 and 31.

## Sixteen Hamlin Scouts Attend Cisco Encampment

Hamlin was represented by 16 Scouts, including two sponsors, at the encampment held at Cisco Monday, Tuesday and Wednesday of this week.

Scouts making the trip are Joe Allen Dean, Robert Bonner, Fred Winslett, Don Gregory, Tracy Hargrove, Layce Hargrove, Don Elmore, Sherrod Shaffer, Keron Rodgers, Frank Albert Tucker, James Maberry, Bobby Bagwell, Charles Don Nelson and John Adams.

John Edwards and Doyle McKinnon accompanied the boys as the sponsors.

## Elder Montgomery To Preach Sunday At Calvary Church

Elder W. E. Nunn, pastor of Calvary Baptist Church, and Mrs. Nunn are conducting a revival at Roaring Springs and will be away from the local church again Sunday.

Elder R. H. Montgomery of Sweetwater will be in charge of the services both morning and evening next Sunday, it has been announced.

Elder Owen Dry of Mineral Wells preached here last Sunday in the pastor's absence.

The public is extended a cordial invitation to attend any or all services at the Calvary Baptist Church.

Mr. and Mrs. C. R. Ritchey and Kathryn are on a vacation trip to Carlsbad and other points in New Mexico.

## Bus Lines Asking 10 Per Cent Hike In Texas Rates

Two bus lines serving Hamlin are among those seeking increase in the fares in Texas, all of whom are citing increased operating costs as the reason.

Bus fares in Texas will be advanced 10 per cent if the Texas Railroad

Commission grants request which are laid before the commissioners very soon. The applications were subject of an all-day hearing last Thursday before Commission Examiner A. J. Scrivner.

There appeared to be no question recorded to the general advance, but efforts of Texas Motor Coaches to raise commuter fares between Dallas-Fort Worth and intermediate points brought a petition from Grand Prairie and Arlington bearing 700 signatures.

Lines participating in the application for a general 10 per cent advance included Abilene Northern Coaches and West Texas Transportation Company, both serving this city. Practically every bus line in Texas was represented.

Mr. and Mrs. V. M. Jean of Dumas are here visiting his parents, Mr. and Mrs. T. A. Jean.

Charles Binnicker has been ill with an ear infection for several days this week and had to take penicillin treatments.

Lovely Pat Kirkwood is striped for action in this novel two-piece suit of blue and white cotton. The M-G-M starlet was delighted by the unusual cut of the adjustable bra top. The fluted edging forms the pockets of the slim drop front shorts.

## TRUE STORIES of WEST TEXAS

(Copyrighted by N. H. Kincaid, 1947)

### "Child of the Concho Frontier"

As the sentry's cry of "All's well!" echoed through the stone barracks and across the courtyard to a little rock house just within the confines of Fort Concho, little eight year-old Mary relaxed for sleep. It was wonderful to feel secure. She couldn't recall a sensation quite like it. But even as she hugged the feeling close to her, she wondered how long it would last.

Would it, for instance, still be hers in their little new house that her father was building just across the river?

Mary Tankersley was a child of the West Texas frontier and, being in a country infested by Indians, had been taught to be on the alert. For at Camp Colorado in 1861 after the Civil War had commenced and the federal government had removed its troops from the frontier posts, tragedy had come close to her while she was still in her crib. Their nearest neighbors the Jacksons, were attacked; the father, mother and older daughter killed and scalped and the two younger children taken captive. Her own father had joined the Rangers in tracking down the Indians and the retrieved children had lived with the Tankersleys until relatives could come for them.

And then their family had moved to the Concho country, becoming the first white people in that area, and were again soon in the midst of Indian trouble. The Kickapoo, once a friendly tribe, had gone on the warpath after an unfortunate attack on them by the Rangers in the winter of 1865. And so for four more years little Mary had lived in the shadow of this feeling of insecurity.

It was not until this summer when the family had come to live at the post while the father was away trailing cattle that this fear had begun to recede. But father was back now, and their own little

home across the Concho would soon be ready to move into.

Mary was glad that it was this close to the fort, but she wished that she could hear the sentry's "All's well!" during the night.

It was in the late fall of 1869 that Mary, daughter of R. F. Tankersley, pioneer Ranger, cattleman and trail driver, wished for closer neighbors and the security they would offer in frontier West Texas.

Three-quarters of a century later, as Mary Tankersley Lewis sat on the front porch of her home just across the street from the San Angelo Junior High School, she recalled this wish. But the exact location of that little house, and of its sheds and porches, now well within the confines of that bustling metropolis of the Concho, was hard to identify.

### Rev. Sam King Conducts Revival At Littlefield

Rev. Sam King will conduct a revival meeting at the Church of the Nazarene in Littlefield beginning Sunday, August 17 until the following Sunday, August 31.

Rev. George Eppler is the pastor of that church.

Joyce Jean Ferguson of Quanah will be the pianist and Mrs. Roy Denry will be in charge of the song services.

Virgil Daniels of Houston has returned to his home in Houston after a visit here with his brother, Holle Daniels and aunt, Mrs. W. L. Meeks, and other relatives.

Mr. and Mrs. Albert Chandler have been visiting friends in Blum and Mr. and Mrs. Milton Raley in Dayton, for the past week.

### Pointers Offered by Agents in Saving of Seeds of Vegetable

Many of the new and inexperienced gardeners in the county will doubtless be interested in some pointers on saving vegetable seed, believe the two county representatives of Texas Extension Service.

Seed saving, say the county and home demonstration agents, is commonly practiced among experienced gardeners only on such vegetables as okra, corn, beans, peas, squash, cucumbers, cushaw, tomatoes, pepper, lettuce, mustard, eggplant, cantaloupe, watermelons and sweet potatoes. Cabbage, beet and carrot seed will not mature in less than two years time. Seed saving on those vegetables does not go so well in Texas climate.

The veteran gardener, in saving seed, picks out particular plants that are true to variety, and which show productivity and fruitfulness. He takes special care of the plants until time to harvest the seed.

Time of harvesting seed differs with the plant, the horticulturists explain. On English peas and beans the harvest sign is a browned pod; field peas and corn are left in the field until ready to harvest and store; cucumber, squash, cushaw, watermelon and cantaloupe seed can be taken when the plants are fully mature; on peppers and tomatoes the seed is ready when the fruit is dead ripe and brilliant red. Mustard, lettuce, radishes, collards and the like can be cut as soon as the seed pods are well matured, and hung in a cool dry spot.

Mary Margaret Stephens of Lubbock returned home Saturday after a visit with her grandparents, Mr. and Mrs. J. H. Foster.

Miss Genelle Dean spent from Saturday until Wednesday in Dallas with her brothers, Olvis and George

Dean, and with Dr. and Mrs. Donald Watts.

## SHOULDER of LAMB cut "WASTE-FREE" at SAFEWAY

Safeway takes important steps to bring you perfect-eating meat. Most important, we start with top-quality meats—only the top grades. Then, to assure you of full value, we trim it "waste-free." Take lamb shoulder, for example. The neck and heavy shank bone are removed and sold at lower prices. This is done before your purchase is weighed. You get only the tender, meaty portion for your roast. Yes, pound for pound, you get more tender meat in lamb roast from Safeway.

**'Tween Me and my Typewriter**

by Jeanelle Bryant

Compliments are in order of the day for H. S. Scales for the grand job of cleaning up his lot on which the shell of a building stands on the south end of the business section. What a difference it makes in the appearance of that part of town!

May his work inspire some other citizens to take more pride in beautifying their hometown. These vacant lots still mar the whole appearance of many residential blocks. They are a fire hazard too. A carelessly tossed cigarette butt could start a fire that might soon spread to homes and be very disastrous. We might think of these things before such an event happens.

Representatives of the local Lions Club who attended the International Convention in San Francisco seem to be convinced that Hamlin is the best place on earth to live. In all of their travels, they say they did not see a small town that offered such ideal

living conditions as we enjoy here. Now, doesn't that make you hold your head high? What nicer report could these roaring Lions bring back to us?

Frances Ubben helped to give Hamlin some state-wide publicity by getting her picture in the Dallas Morning News Sunday along with five other young Cowgirls from Hardin-Simmons University, Abilene in the special section devoted to educational advantages in Texas. And her sister, Loretta, didn't even believe it when she was told her kid sister's picture being in the News.

Betty Sellers also got her share of publicity in the latest issue of the Lass-O, college paper of NTSTC at Denton, in an article about golf describing her strokes as follows: "Betty Sellers, a freshman clothing and costume design major from Hamlin, leans back when she swings resembling a baseball player". That is fine Betty, we don't know if that was meant for flattery but the most important point is hitting the ball, or so we understand it. We'll wager she will be good at anything she tries.

Have you heard the story about the Scotch man who operated a store and upon returning from a long trip he was so eager to use only enough gasoline to make it in home (since he sold the stuff) that he ran out of the necessary liquid a few miles short of his destination about 1:00 o'clock a. m. and had to be pushed into town by an obliging passerby? Come to think of it, the guy lived in Hamlin and his name is Joe. Can't seem to remember the last name but as well as we remember it began with S.

Don't neglect telephoning or bringing your news items to The Herald. And bring or call it to us while it is still news not a wee kor so after it has happened. By that time, the entire town has heard it and probably there are half a dozen different versions and our true one wouldn't be the least interesting.

We like writing your news even though it makes us want to tear out our hair some times when after the paper is printed we find some mistakes any more than we do but if we took it too seriously we would never get a full night of sound sleep. Some times we spell your name wrong, and that is almost an unpardonable sin, or so it seems, but it is difficult for us to remember if you spell a simple name like Lawrence, for it could be spelled Laurence. One can never be sure unless you inquire. So, next time we make a mistake in a story in which you are particularly interested, just remember this is going to hurt their pride as much or more than ours. (Thank you for reading thus far.)

Wonder if Rev. J. T. Crawford or Rev. Dan Jones preached so conveniently Sunday at the First Methodist Church that any of that flock will change into Nazarenes. Dr. Will C. House must have full confidence in his members to show two preachers from another denomination to conduct two services while he is away. Rev. John Osteen doesn't trust his group that strongly.

Everyone is happy that the lake from which we get our water supply has made a complete revolution and is again settling down to provide us with some decent odorless drinking water. Haskell sent word recently they did not care for any more ice from here because "it stinks."

Maybe we were trespassing, but our curiosity finally got the best of us, and we drove close enough to get a beautiful view of the Y-6 Ranch the other day. Honestly, that is one of the prettiest sights we have seen in West Texas, or East Texas either, for that matter. It looked so inviting and friendly that we were tempted to make a social call.

Talk about salesmanship! There's no doubt that Pauline King really has the talent and vocabulary to sell merchandise. We went to their establishment to assist her in laying out an ad and before we left we were ready to purchase one of those nifty freezers, which is the very latest creation in home quick freeze and storage units. We were sold on the idea alright, and all that delayed the transaction was the lack of necessary funds. Ordinarily we don't let advertising creep into these lines but we were so impressed with the sales ability of Pauline that we decided she deserved some recognition.

Mr. and Mrs. G. T. Sipe and their daughter, Mr. and Mrs. Bunyan Payne have returned from Temple, where Mrs. Sipe went for medical examination. Payne, who is in the Navy, received a delay in route to his Virginia base, in order that Mrs. Payne might go to Temple with her mother.

Mrs. J. E. Robinson of Carthage accompanied her daughter and son-in-law, Mr. and Mrs. W. H. Pickron Sr. to Hamlin for a visit last week, when they returned from a vacation trip to south an east Texas and to Louisiana.

## News Briefs From Fisher County

Rotan Chamber of Commerce were told of their work at the breakfast held last week. Main projects sponsored the past year were purchase of three prize calves, sponsorship of the annual Fisher County Jersey Show, providing a farm labor center for migratory workers and it was announced of a series of lectures would be held there this week. . . W. F. Taylor of Rotan suffered a severe electrical shock while working on his air conditioner. . . Roby will be sprayed with DDT within the next week through the efforts of the Jaycees. . . Fisher County 4-H boys are planning an encampment to be held soon at Lake Sweetwater. . . A number of Fisher County people attended Primitive Baptist Association at Snyder. . . Home Demonstration Club women of Fisher County are holding their annual encampment this Thursday and Friday at Lake Sweetwater. . . A singing was held at Sylvester Sunday. . . A Rotan banker, R. L. Springer assisted the Chamber of Commerce in saving \$2,300 in a paving deal for the main street by getting the highway department to agree to do the work. Money saved will be diverted to the proposed street paving program. . . Rotan Girl Scouts are sponsoring a Negro school library. . . Mrs. Thelma

Clyburn Boater is the new home economics instructor at Roby High School.

# A Great Oil Company introduces a Great NEW Oil!

Phillips Research brings you the finest motor oil for your car ever to bear Phillips 66 trade-mark!

When a great oil company brings out a completely new, different motor oil—that's news!

And when that oil company is willing to stake its reputation—to come right out and say, "This is the finest motor oil for your car ever to bear the Phillips 66 trade-mark!"

That's food for thought for every man who owns a car!

This new Phillips 66 Premium Motor Oil is the result of extensive research, conducted over a number of years by Phillips research scientists. It is of the modern detergent (self-cleaning), oxidation-resistant type. Lessons learned in developing heavy duty lubricants for Army tanks and trucks, the experiences of others who have developed detergent-type oils, and demands of engine manufacturers for their higher-speed, higher-pressure engines, have all been taken into consideration.

The base stocks from the Oklahoma fields, which oil men now recognize as among the finest in the world, are another contributing feature of this great new oil.

This new Phillips 66 Premium Motor Oil is now on sale at all Phillips 66 Dealers. We urge you to provide your car with our finer, newer automotive lubricant.

## How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

# SOCIETY

## Hamlin Woman's Parents Celebrate 50th Anniversary

Mr. and Mrs. Perry Fite, parents of Mrs. Tom Teague of Hamlin, celebrated their 50th wedding anniversary recently with a family reunion at the Lueders encampment grounds.

The group assembled on Thursday evening at the family home, later going to the large cabins at the river's edge. A grand supper was served to the parents and the seven children, the first time the circle had been complete in seven years around the table.

Mr. and Mrs. Fite, a pioneer couple of West Texas, married in the home of the bride's parents in Albany in 1897. She wore a lovely full length cream colored gown of nun's veiling and imported lace, while the groom wore a dark wool suit.

After eight years of operating the Myers Ranch, where the four older

girls were born, they were in the cattle and meat business for themselves, living in Baird for two years. Then, they moved to Spur in 1909 before the town was opened. Mrs. Fite is one of the few remaining cattlemen and city fathers of Spur. At that time that section of Texas was rather wild and rugged.

In 1919, the call of the old home, drew them back to Albany, where they stayed until five years ago, when they moved to Lueders.

Sunday of the reunion was guest day, and 135 persons registered from all over West Texas.

Members of the family attending the reunion were: Mr. and Mrs. Carl Hall, of Tahoka, their daughter, Bill of Los Angeles, California, Mr. and Mrs. Tom Teague of Hamlin, and daughters and families, Mr. and Mrs. Loren Griffin, Phil and Barbara Gail of Wichita Falls, Mr. and Mrs. L. C. Bonds, Tommy, David and George of Hamlin; Mr. and Mrs. Elmer Johnson, and daughter, Evelyn Ann, of Los Angeles, California; Mr. and Mrs. Robert Duke of Los Angeles, and daughter; Mr. and Mrs. Neil Johnson, Janice and Sandra, of Lubbock; Mr. and Mrs. R. P. Fite of Albany; Mrs. Dorothy Lee Howsley and son, George of Los Angeles and Mr. and Mrs. J. L. Hart Jr. and Mike and Mr. and Mrs. Mike Fite, all of Lueders.

## LET'S MAKE THIS DREAM COME TRUE

## Mrs. Tate May Has Party For Young People

Mrs. Tate May, superintendent of the Young People's Department of the First Baptist Church, entertained that group with a picnic at the Hamlin City Park Tuesday evening.

A delicious picnic supper of weiners, potato salad, pickles, cold watermelons and cokes were served to the 20 members and department officers and teachers.

Attending were: Jo Hargrove, Mary Carter, Margaret Ryan, Marjorie Steed, Verlene Stewart, Sarah Steele, Emmer Jean Hayes, Betty Jane Miller, Zelma and Thelma Cohorn, Weldon Townsend, Joe Carter, Charlie Johnson, Clifton Townsend, Mrs. Tate May, Mrs. Joe Simpson, Mr. and Mrs. Bonnie Smith and Mr. and Mrs. I. R. Huchingson.

## Calvary Baptist W.M.A. Has Bible Lesson Monday

Members of the Women's Missionary Auxiliary of the Calvary Baptist Church met in regular service at the church Tuesday afternoon with eight present.

Mrs. J. W. Griffin, president, presided during a brief business session. Plans were made for the monthly contribution to the Texas Baptist Orphanage.

Mrs. A. B. Counts gave the devotional followed by an interesting lesson on verses from the Bible containing the word "beginning."

Mr. and Mrs. M. T. York left Tuesday for a vacation trip to Yellowstone Park and other points.

## J. T. Harts Are Given Farewell Party Friday

Mr. and Mrs. J. T. Hart and son, Guy, were honored with a farewell party Friday evening in the home of Mrs. Gordon Sproles.

Mr. and Mrs. Hart and son are moving to Lubbock soon.

Those attending the party were: Mr. and Mrs. Charles Prater, Mr. and Mrs. V. V. Anderson, Mr. and Mrs. Bowen Pope, Mr. and Mrs. D. M. Stewart, Mr. and Mrs. W. H. Dean, the hosts and honorees.

## Dallas Visitors Feted With Fish Supper Tuesday

Mr. and Mrs. Joe Lang of Dallas were feted at a fishsteak fry Tuesday evening at the Hamlin City Park with Mr. and Mrs. George Howard and Mr. and Mrs. J. E. Cory as hosts.

Barbecued steaks, fried fish, french fried potatoes, pickles, iced watermelon were enjoyed by the group.

Those present were Mr. and Mrs. Tom F. Holman, Mr. and Mrs. John Howard Sr., Mr. and Mrs. George Howard Jr., Mr. and Mrs. John Howard Jr., Mr. and Mrs. Joe Lang, Mr. and Mrs. J. E. Cory.

## Family Reunion.

Mr. and Mrs. W. L. Boyd Sr., Mr. and Mrs. Henry Allbritton and daughters and Mr. and Mrs. W. L. Boyd Jr. and sons attended a family reunion sponsored by Mr. and Mrs. Phil Sparkman at Sweetwater Lake during the week-end. Also present were Mr. and Mrs. Wright Boyd and Wright Grant of Lamesa.

## Bobbye Martin Becomes Bride Of Hank Lyday

Miss Bobbye Martin, daughter of Mr. and Mrs. Lyle D. Johnson of Dallas, became the bride of Hank Lyday, son of Mrs. Flora Lyday, also of Dallas, in a ceremony read Dallas, became the bride of Hank the bride's parents at 1509 West Page.

Rev. Homer Vanderpool officiated at the double ring ceremony. Given in marriage by her father, the bride wore a navy blue faille suit with matching accessories and an orchid corsage. Mrs. Bob Chenoweth of College Station attended her as matron of honor and William M. Cotten served Mr. Lyday as best man.

At the reception held following the ceremony, Miss Betty Balch presided at the wedding cake and Mrs. Harold Payne, sister of the bridegroom, served punch. Mr. and Mrs. Lyday will make their home in Dallas.

The bride is a granddaughter of G. W. Martin of McCaulley, and attended McCaulley High School. She graduated with a BA degree from TSCW and her husband is a senior at SMU.

On August 23 go to the polls and vote "yes" for the College Building Amendment.

Remember the crowded conditions of our 16 state colleges last year.

Remember the thousands of GI's and other deserving young men and women who were turned away from our colleges because these colleges lacked building facilities.

Remember, if this amendment is not passed no other proposed for the relief of colleges.

Remember that passage of this amendment will not cost a single additional cent to the state and will create any

Prompt Closing of Loans  
**H. O. Cassle & Son**  
Office over F & M Bank

### Blessed Events

Mr. and Mrs. T. Fudge of 2221 East Pfaff Street, Baltimore, Maryland, are the proud parents of a son, David Charles born July 22. He weighed seven pounds and nine ounces.

Mr. and Mrs. Raymond L. Nichols are the proud parents of a daughter, Della Carol, born Thursday, August 7 at a Rotan hospital. She weighed

seven pounds and eight ounces. The grandparents are Mrs. L. R. Nichols of Fort Worth and Mr. and Mrs. J. R. Hunt, also of Fort Worth.

Mr. and Mrs. O. C. Saunders are the proud parents of a son, Calson Garfield, born Sunday, August 3 at a local clinic. He tipped the scales at eight pounds and eight ounces.

Mr. and Mrs. Kenneth L. Krall of Oklahoma announce the arrival of a son, Kenneth Louis, born Tuesday, August 12 in a local clinic. He weighed eight pounds. The mother is a sister of Mrs. Phelps of Hamlin.

### Here From Houston.

Mr. and Mrs. W. E. Crowley and family and Mr. and Mrs. J. W. Word, all of Houston spent several days last week here with their friends, Mr. and Mrs. Hollis Madden. They fished and caught 80 pounds of fish in three mornings.

### Personal Items

Larry Current, son of Mr. and Mrs. Bee Current, had his tonsils removed at a hospital in Rotan Saturday and is getting long nicely now at the home of his parents.

Mr. and Mrs. Boyce Briscoe and Mrs. R. J. Robertson and children spent Sunday at Comanche with their daughter, Mr. and Mrs. W. J. Barret.

Three acres constitute a farm, for census purposes, unless a tract of smaller size produces at least \$250 a year in crops.

Mr. and Mrs. Bill Rountree visited Mr. and Mrs. Weldon Carlton at Holdenville, Oklahoma last week. Their daughter, Mrs. Tommy Ellis of Abilene, accompanied them on the trip.

Mr. and Mrs. Weldon Carlton and son, Jerry of Holdenville, Oklahoma are here for a visit with her mother, Mrs. B. S. Ferguson.

### Angels Vacationing.

Mr. and Mrs. Clyde Angel and son, Robert, and her parents, Mr. and Mrs. G. W. Tate of Lubbock, are on a vacation trip to Alabama, Mississippi and Louisiana. The Tates are visiting in Biloxi, Mississippi while the Angels take a more extensive tour.

### Suffers Stroke.

John Kennedy suffered a stroke Saturday while employed at the Harris Electric building being constructed on Central Avenue. He is reported improved at the family home.

### Attends Reunion.

Mrs. Carl Brown attended a reunion of four generations of the J. C. Brown family at Sweetwater Municipal Park recently. Descendants of the couple present included three sons, two daughters and 71 grandchildren and great grandchildren.

### Breaks Arm.

Beverly Jo Rodgers, seven-year-old daughter of Mr. and Mrs. F. L. Rodgers, is in a Rotan hospital with a broken arm. The break is almost at the shoulder and she will have to remain in the hospital for several weeks.

#### CITATION BY PUBLICATION

The State of Texas. To Bessie Bradley, et al, all the unknown heirs assigns and or legal Representatives of Bessie Bradley, Deceased and unknown owners of the property hereinafter described.—Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10:00 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 25th day of August, A. D., 1947, at or before 10:00 o'clock a. m., before the honorable District Court of Jones County, at the courthouse in Anson, Texas.

Said plaintiff's petition was filed on the 7th day of April, 1947. The file number of said suit being No. 6871. The names of the parties in said suit are: Hamlin Independent School District as plaintiff, and Bessie Bradley, et al as defendant.

The nature of said suit being substantially as follows, to wit: To collect delinquent taxes justly due, owing and unpaid against the property described as follows, to wit: Being Lot No. 1, Block No. 43 of the Original Town of Hamlin, Jones County, Texas for the following years and in the amounts, 1919 to 1946 both inclusive together with penalties, interest and costs provided by law or legally accruing thereon in the total amount of \$27.25.

Issued this the 14th day of July, 1947.  
Given under my hand and seal of said court, at office in Texas, this the 14th day of July, A. D., 1947—Lern Thurnan, Clerk, District Court, Jones County, Texas.—38-4c

### West Texas Fair Will Begin In Abilene September 15

Twenty-third annual West Texas Fair and Sheriff's Posse Rodeo will be held at the West Texas Fair Grounds, September 15-20, with rodeo performances each evening at 8:00 p. m. and afternoon performances at 2:00 p. m. on Monday, Wednesday and Saturday.

The 1947 Fair will be officially opened at 10:00 a. m., September 15, with a colorful parade, led by the Hardin-Simmons world famous Cowboy Band. One of the feature attractions of the parade will be the giant animal balloons, which were featured in New York. More than 30 beautiful floats have already been entered, and several college and high school bands will be on hand to add music and color in the event. Mounted rodeo performers, quarterhorses and flashing palominos will be in the parade.

Cutting horse contests, quarter-horse races and specialty acts will be on Tuesday, Thursday and Friday afternoons.

Bill Hames shows will be on the midway with the very latest rides and shows to entertain both young and old.

The exhibition buildings have also been remodeled and enlarged to take care of the hundreds of exhibits which will be on display during the six days. These will include manufacturers, retailers, community agricultural exhibits, automobiles, farm machinery, road machinery and others.

The livestock show this year includes registered Herefords, Jerseys, sheep and goats, quarterhorses, swine, poultry and rabbits.

### News Briefs From Stonewall County

Amelia Hecht, 93, native of Germany, and pioneer Stonewall County resident, died at her home near Aspermont. . . Junior boys of Aspermont have organized a softball team and defeated Peacock 5 to 4 their first game. . . More than 3,000 people attended a PCA meeting in Stamford and saw Fred Albright beat Sammy Baugh, both Stonewall County residents, by four-fifths of a second in the calf roping contest. . . Swenson Church of Christ will hold its annual summer revival meeting this week with Lody Connell of Stamford the evangelist. Stonewall County farmers have been advised of a government support price of \$201. per ton for peanuts. . . Drillers

continue in their work at the deep test near Peacock with no unusually different shows reported. . . Laborers have started work on the new highway from Rotan to Aspermont via Johnson Chapel.

Miss Geneva Hawkins of Ardmore, Oklahoma spent last week with her aunt, Mrs. D. J. Turner and her

son, George Brown and family. Mrs. Turner's daughter, Mrs. Williams, also spent the week-end here. Mrs. Turner, who is ill, is reported much improved.

Great and wealthy states like New York, with twice the population and 10 times the wealth, pay less to old age pensions than Texas.

## Contest Winner "Brands" His Prize

A pioneer of the auto industry, hunted throughout the nation in a contest to discover the oldest Chevrolet truck in America, turned up, appropriately, in the possession of a Montana homesteader. The venerable vehicle, vintage of 1918, was still serving Rancher Leslie A. Storey, of Jordan, Mont., whose ranch lies 18 miles from a typical "last frontier" town. The award for owning the oldest licensed and operating truck was a new Chevrolet "advance-design" model, which Storey "brands" here with his distinctive Circle-Heart brand. It was presented to him by J. W. Burke, manager of Chevrolet's truck department, as Mrs. Storey and Montana cowgirl Merle Spears (right) look on. Nearly 7,000 old-time Chevrolet trucks were entered in the contest won by this vehicle, which was one of 384 built by the division in 1918, its first year of truck production.

## Southwest Farm Markets Show Gains For Some Products, Others Hold Fast

Many farm products gained ground on southwest markets last week, and others held their own fairly well reported the Production and Marketing Administration of the United States Department of Agriculture to The Herald.

New crop corn started moving from South Texas farms last week, and white corn prices declined several cents per bushel. Yellow corn advanced, however; as dry weather in the corn belt threatened damage to the crop. Oats, barley, and the grain sorghums strengthened some, too. Decreased marketings of winter wheat sold firm and Midwest and Great Plains growers had about completed the record harvest.

Newly ginned cotton from South Texas found good demand, and most offerings graded strict middling or better. However, spot prices netted losses of \$1 or \$2.

With hotter weather, top quality eggs became even more scarce, and markets held firm. Prices stayed up fairly well on liberal offerings of medium to lower grades eggs. Demand for poultry slowed some, but prices remained generally firm on moderate receipts. Heavy hens also brought mostly 22 to 26 cents, and fryers 32 to 37.

Hog markets generally overcome early-week losses to close mostly 25 to 50 cents higher. Closing bulk of good and choice medium weight in butchers sold at \$27 at San Antonio \$27.50 at Fort Worth, \$27.75 at Oklahoma City, and \$26.50 to \$27.25 at Wichita. Week's top at Denver was \$30, within 25 cents of all time high.

Sheep prices remained largely steady for the week, and most spring lambs went a little higher. Medium to good spring lambs brought mostly \$18 to \$21 at San Antonio, and closed at \$19 to \$22 at Fort Worth. The closing bulk of good and choice of grades sold at \$22 to \$22.50 at Oklahoma City, around \$24 at Denver.

Many cattle classes brought lower prices last week. Most stocker and feeder types, as well as slaughter cows, calves, vealers, bulls dropped from 50 cents to \$1.50. Steers and yearlings weakened at some markets. Common and medium cows brought \$11.50 to \$14.50 at Houston and Fort Worth, and \$12 to \$15 at San Antonio and Wichita. Medium and good kinds moved at \$13 to \$15.50 at Oklahoma City while common to good kinds sold at \$15 to \$19 at Denver.

Mrs. Faye Dean and daughter, Lu Sara, Mrs. George Nicholson and Mutt Nicholson are visiting their brother and son, Mr. and Mrs. James Nicholson in Dallas and relatives in Fort Worth this week.

Mr. and Mrs. Bill Adams have been visiting her parents, Mr. and Mrs. A. B. Corlton, between terms at the University of Chicago, which he is attending.

Mrs. George Lenard and children of Jal, New Mexico and Mr. and Mrs. Claud Scott of Odessa and Mr. and Mrs. Buck Scott and son of Rotan were visitors over the weekend in the Gene Scott home.

## Rep. George Mahon On Committee Slated To Tour Europe

Congressman George Mahon of Colorado City, who represents the 11th District which includes Jones, Stonewall and Haskell Counties, will be a member of the congressional committee which will sail August 10 for Europe to study questions involved in the United States foreign policy.

The committee of 19 congressmen, 11 Republicans and eight Democrats, will hold its first meeting in London, after which a check of the situation in Germany will be made.

Following the trip to Germany the group will be divided into sub-committees and Mahon has been asked to go with the group which will study the situation in Italy, Trieste and Greece.

The committee, Mahon, said, will concern itself with what is happening to American dollars and efforts in such areas. Its report and recommendations are to be given to Congress by March but earlier reports will undoubtedly be made. Members will return to the United States early in October.

## Supplies Out For Amendment Election On August 28

Election supplies have been distributed to election judges in Jones, Fisher, Stonewall and Haskell Counties the past few days for the special election set for August 23 on the constitutional amendment.

Absentee voting may now be done in the usual manner at the office of the County Clerk of each county.

The amendment on which citizens will ballot is a proposed to levy a state ad valorem tax on property to create special funds necessary to pay our confederate pensions; providing the financing of construction and equipment of permanent improvements at state schools; providing five-cent reduction of the maximum allowable state tax on property; and providing for certain improvements at Texas A. & M. College and the University of Texas.

Mr. and Mrs. Willard Jones, Sr. and Jean and Mrs. Fox of Snyder attended church services at First Baptist Church Sunday.

## Synthetic Fibers Becoming Major Threat to Cotton

With the country facing possibility of the smallest supply of cotton in a quarter of a century, H. C. Stanley Jr., county agent, says area farmers should take special note that production of synthetic fibers, as opposed to the natural fibers, is showing a big increase.

Production, for example, of synthetic fibers as opposed to cotton, wool, mohair, silk and flax, is reaching a stage where producers of wool and cotton will need to take steps to halt such encroachment.

Up until around 1935, according to the U. S. Department of Agricultural southern regional research laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of cellulose. After a couple of false starts rayon production got underway in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production is still climbs—482,000,000 pounds in 1940 to 875,000,000 in 1946.

Some of the man-made fibers that are coming up fast in the synthetic field are:

Glass fiber, commercial production began in 1936, but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic resin, first made in 1938. Production is still small.

Nylon, commercial production on which began in 1939 after a short period of experimental operations.

Aralac and saran, casein fibers, were introduced commercially about 1940.

And a synthetic fiber made of soybeans is coming up.

Travis and David Lenard, of Jal, New Mexico visited their cousin, Melvin Scott, last weekend.

## Revival Meeting At Mt. Zion Church

Summer revival meeting at Mt. Zion Church of the Nazarene opened Wednesday night and will continue through August 24, according to Albert S. Bancroft, Rev. S. O. Pace

Dr. and Mrs. J. W. McCrary and Sue and Patricia Lee Bennett visited relatives in Fort Worth during the week-end. Sue remained to spend several days.

## Weather Like This Is Hard On Suits

Your favorite suit deserves better than old-style dry cleaning. Suits brought to us are given a double-action cleaning technique that safely brings out bright colors; then they are pressed to accentuate trim, tailored lines. Our exclusive dry cleaning process costs you less—because clothes stay cleaner longer. For satisfactory suitable results, entrust your suits to us!

Boyce Briscoe's

### Modern Cleaners

Mrs. H. M.  
and Mr.**POT SHOTS FROM McCAULLEY**

By GEORGE DARDEN

Mrs. Beech Jones is visiting in the home of a daughter in Oklahoma for a few days.

Mrs. Lottie Rector, postmaster at McCauley for the past 26 years hands us her check for \$5 for the Cemetery Fund.

With the 8th Army in Osaka, Japan; Pfc. Ray Russell of Route 1, McCauley and the son of Mr. and Mrs. Joe Russell, has recently left for discharge and a return home. Pfc. Russell entered the Army on 19th day of March 1946 and received his basic training at Camp Polk, Louis-

iana. He departed for overseas duty on the 4th day of December 1946 and up on his arrival in Japan was assigned to the 25th Division.

Mr. and Mrs. M. T. Mason and family of Comanche, visited last week with his mother and sister in McCauley.

L. H. Boyd returned last week from a few days visit in Cooper, in the home of Mr. and Mrs. G. E. Williams.

Sterral Allen Griffith left last week for the Veterans Hospital at McKinney, where he will undergo treatment.

Mrs. John Maberry long-time resident of this community, is ill at her home south of town.

Mr. and Mrs. Ben Maberry and who have recently returned from South Dakota, like that country fine. They tell us wheat is fine and the land is worth the money in the state. Both L. R. and Ben plan to sell their farms in this country and buy in South Dakota. Several families from this part of the country have already acquired land in that state and are highly pleased. In fact they are making money. Even the old scribe has about got the fever-after talking

with the Maberry boys.

The Baptist meeting in full swing in McCauley, W. Y. Pond from Waco is doing the preaching and doing a good job even though he is skinning a lot of us natives alive. After all, if the shoe fits—wear it.

Mr. and Mrs. Frank Jackson visited last week in Big Spring with relatives.

If sold between now and the 1 of September a fine gin plant in McCauley, in tip-top shape and ready to go. No competition. No bargain like it in the United States, if you have the cash we can trade in 10 minutes, otherwise, don't ask price. And too, my five room house for sale, will move under the shade of a tree if you have the cash on your hip. This is no bull.

Hot, dry weather have the folks looking down their nose again, but it happens most every year in West Texas. Cotton holding up well but the feed crop is sho' gonna be short in these parts.

S. E. Miers, old timer of this community, was 81 years of age August 5 and Sunday August 10 the following children and families surprised him with a visit and a big feed at the Miers home east of town; Mr. and Mrs. W. L. Curry of Cisco, Mr. and Mrs. N. W. Miers and children, Lamesa, Mr. and Mrs. Tate Eisenwine and daughters of Pecos, Mr. and Mrs. N. D. Miers and children of Hobbs, Mr. and Mrs. L. B. Miers and children, Mr. and Mrs. Joe Miers and daughter, Mr. and Mrs. R. L. Miers and Mr. and Mrs. George Darden and family of McCauley.

Earle Rector of Dallas visited last week in the home of brothers at McCauley and Royston.

Maurine Miers Wall, daughter of S. E. Miers of McCauley, became the bride of Tatum Eisenwine, son of Mr. and Mrs. J. E. Eisenwine of 601 South Alamo, Pecos on July 16, in Lovington, New Mexico. Mr. and Mrs. Eisenwine will make their home on their ranch 16 miles south west of Pecos.

Miss Mary Callaway was home for a few days last week. She has been teaching in Ballinger for the past two years but has accepted a place in the Wing Schools for this year.

Mr. and Mrs. J. W. (Jim) Fancher left last week for the Plains where Jimmy is prospecting for a Plains farm for another year.

All this investigation now going on in Washington makes pretty fair reading so far as amusement is concerned. But after all its a lot of balony. Senator Brewster isn't going to serve any time in the cane patch over the deal—neither is millionaire Howard Hughes and personally, the whole thing looks like another expense account for the tax payers and about all the folks it will help is the newspaper men who are selling a lot of extra papers due to the investigation. Elliott Roosevelt wasn't born last night and the senators won't make a thing off of him—and we gotta' notion that there was plenty of graft going on during the war and if the big boys investigate too much they all may end up in the "jug". That's where a lot of 'em should be. When you sum it all up, you gotta admit that there is too much politics and not enough praying going on in Washington. Some of these days the good Lord is going to step in on the deal and so far as the "high and mighty" boys are concerned the "jig"—is up. Until mens word is their bond and honesty prevails up on the earth—we are going to see a lot of investigations that will amount to positively nothing.—A. Darden-O-Gram.

May give the readers of this column a rest next week. Gotta' notion that the scribe and family will

stations there were ruined and rusted locomotives and rails. Often the little children would run to the tracks and hold out their hands for food, candy and gum. Men would saunter up in hopes of getting a cigarette, even left-overs from our lunch boxes.

Copenhagen is a beautiful city and its people are very hospitable and kind. We had the privilege of staying in a Danish home with Mrs. Alfreda Lorenson, so we are learning the Danes first-hand. Our initiation was on the first day when our hostess set us on bicycles and led us off to the public bath house. It is forbidden by law to take a hot bath in a private home—just in bath houses and hotels. That is there are no water heaters in the homes and it is very inconvenient. Copenhagen has over a 1,000,000 people or one-fourth of the total population of Denmark and there are 700,000 bicycles in this city and very few cars.

The Congress was very inspiring. The services were in English and in Danish so we understood everything that was said. We have a much wider view of the denominational work. We can see it now as a globe-circling organization—not just Jones County, or Texas, or American or white. We can see the work as a whole. We heard displaced persons from the camps in Germany begging not for food or clothes which they need badly, but begging for the prayers of all Christians that they might regain their land and homes so they might worship again in freedom. We heard preachers from persecuted countries and have soul-stirring messages. There was a delegate who had traveled 15,000 miles to attend the Congress from New Zealand. There was beautiful music by the 200 voice Danish choir and a smaller Swedish choir, a fine orchestra and a royal opera singer.

Sunday we went to services in a church 300 years old. In the afternoon there was a great parade and a mass meeting—16,000 were there. There are only 1,300 Baptists in Copenhagen in three churches, but it is hoped that they will be strengthened.

be way down in Louisiana for a visit with their daughter, Lt. and Mrs. W. H. Pickron Jr. in Shreveport, Louisiana. After all, haven't had a vacation since old "heck" was a pup. If it is hotter in the Hughe Long state than its been in McCauley then we may stay in the river 'til Xmas.

ened and will grow in numbers because of this Congress. I have much more to say but it will have to wait until we get home.

Tomorrow we fly to Amsterdam. More then.—Jean Osteen.

**Iron Lung - - -**

bies when respiratory difficulties are encountered. The lung comes equipped with a 110 volt motor and a six volt motor, the latter to be used when only current from a storage battery is available. The lung can also be operated with a hand-lever in cases of emergency.

L. J. Cunningham, chairman of arrangements, explains that the Mullikin Portable Iron Lung carries an unusual and rather unique guarantee. Not only is it guaranteed for two years of continuous operation, but in the event of an emergency or epidemic, manufacturers will ship up to five lungs to Hamlin free of charge. The firemen are agreed that this should provide a good safeguard in the event of a polio epidemic or something equally disastrous. The total cost of the equipment is approximately \$1,200.

Porter L. Marr, sales representative of the Mullikin Southwest Company, gave a public demonstration of the lung in Hamlin last month.

Broadcast:  
August 16, 1947

2 tablespoons finely  
cut onion  
3 tablespoons hot  
shortening  
1/4 cup flour  
1/4 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon dry  
mustard  
1/4 teaspoon paprika  
(can omit)

1 cup vegetable  
liquid or water  
1 cup Fat Milk  
1 cup flaked fish,  
cooked or canned  
1 cup drained peas,  
cooked or canned  
1/4 cup sliced, stuffed  
olives

Cook onion slowly 5 min. in shortening. Blend in flour, salt, pepper, mustard and paprika. Stir in liquid; boil 2 min. Add remaining ingredients; heat thoroughly, but do not boil. Serve in nest of boiled rice or mashed potatoes or on toast. Serves 4.  
\*Salmon, tuna, halibut or haddock can be used.
